Preface to the Program Report by the Illinois Finance Authority

Commercial Property Assessed Clean Energy (“C-PACE”) financing can be used by owners and developers of commercial properties to finance or refinance eligible improvements in connection with renovations of existing buildings and new construction, in each case up to 25% of the value of the property. Eligible improvements generally include fixtures, products, systems, equipment, devices, and materials intended for energy efficiency, renewable energy, resiliency, or water use; electric vehicle charging stations are eligible improvements too. C-PACE financing has features that make it very attractive as an alternative or a supplement to existing types of commercial real estate financing. For example, C-PACE financing is non-recourse to the record owner and assignable upon transfer of the property. While these features may be found in conduit mortgage loans included in commercial mortgage-backed securities (often referred to as CMBS loans or CMBS financing), they are not common in either traditional bank financing or mezzanine financing, which is often used to finance significant new commercial real estate construction or deep energy retrofit projects. C-PACE financing also has attractive features that are not available with any other type of commercial real estate financing. C-PACE financing does not accelerate upon a default (payment or otherwise), permits terms of up to 40 years, and allows financing of up to 100% of all project and closing costs. All capitalized terms in this Preface not otherwise defined have the meanings set forth in the accompanying Program Report.

C-PACE financing is secured by a voluntary special assessment on the benefited property that is represented by an assessment contract between the record owner and the Governmental Unit. The special assessment is senior to all mortgages and other private liens on such property and is *pari passu* to other real estate taxes and assessments. The lien priority and preferences of C-PACE financing is the primary reason why capital providers are willing to provide up to 100% financing that is non-recourse, non-callable in the event of default, and assignable in the event of a transfer of the property. Interest on C-PACE financing is usually fixed throughout the term, although that is not required by the PACE Act, and is generally well below the rates charged by mezzanine lenders and equipment lenders. Under the PACE Act, the assessment contract must be recorded, and serves as collateral for C-PACE financing, similar to a recorded commercial mortgage serving as collateral for a commercial real estate loan. C-PACE financing to fund PACE Projects occurs through the issuance of conduit debt obligations (such as bonds or notes), similar to other special assessment financing programs in Illinois.

Despite these attractive features and plentiful amounts of capital from providers enthusiastic to consider environmental, social, and governance factors alongside financial factors in the investment decision-making process, the use of C-PACE financing in Illinois has been limited to date. Counties and municipalities have informed the Illinois Finance Authority of their desire to avoid the need to devote the time and resources necessary to develop and implement a property assessed clean energy program with the features of the Illinois Finance Authority PACE Program and to otherwise be required to issue bonds or notes to finance or refinance PACE Projects and incur the related compliance or accounting obligations. Additionally, capital providers have informed the Authority of their desire for a fair and competitive, statewide open market sponsored by an independent, neutral program administrator. Finally, record owners have informed the Authority of their desire to minimize the program administration and governmental fees associated with C-PACE financing.

The Authority has observed that the lack of market activity is also because C-PACE financing under existing property assessed clean energy programs is not uniform throughout Illinois, and under such programs, capital providers cannot administer and service their own C-PACE financing originations. Moreover, under existing property assessed clean energy programs, program administrators are tasked with roles and responsibilities that are typically performed by capital providers, such as marketing, establishing processes for contractors, statutory underwriting, processing applications, billing and collecting, and enforcement. This structure, a vestige of the C-PACE financing market's earliest days, is both cumbersome and costly. Similar to commercial mortgage lenders, the Authority believes capital providers in the C-PACE financing market should instead facilitate access to capital by performing these activities for their own account or others of their choosing, with their own resources, and within appropriate guidelines.

In consideration of these factors, the Illinois Finance Authority has standardized the structure, implementation, and delivery of C-PACE financing in Illinois to lessen the burdens on counties and municipalities throughout Illinois that may desire to create PACE areas and establish property assessed clean energy programs, to attract capital providers to purchase bonds or notes issued by the Authority to fund PACE Projects throughout Illinois, and to assist record owners in the financing or refinancing of PACE Projects throughout Illinois. The nonpartisan, nonpolitical Illinois Finance Authority PACE Program intends to achieve these objectives in the PACE Area created by the Governmental Unit by applying the structure of the commercial mortgage industry to better align the roles and responsibilities of the C-PACE financing market. The Illinois Finance Authority PACE Program allows capital providers to not only originate C-PACE financings in a statewide, open market sponsored by an independent, neutral program administrator but also allows capital providers to administer and service PACE Projects directly or through affiliates in the capacity of PACE Project Administrators, for their own account or others of their choosing. Record owners will benefit from lower C-PACE financing costs amid the resulting fairness and competition among capital providers, at no cost to the Governmental Unit.

All parties will also benefit from the Authority's vast experience in the issuance of conduit debt obligations, which each year amounts to billions of dollars of long-term investment in voluntary projects of private-sector borrowers in Illinois. As a statewide conduit issuer of bonds and notes, the Authority's uniform C-PACE financing documents for all PACE Projects will simplify due diligence in the asset-backed securities market for capital providers in contrast to a fragmented market of numerous county and municipal issuers of conduit debt obligations throughout Illinois. Accordingly, the Authority elected to leverage these competitive advantages to achieve vertical integration and economies of scale in local markets such as the PACE Area by forming the C-PACE Open Market Initiative, an Illinois not-for-profit corporation and component unit of the Authority, to offer an independent, neutral program administrator in the capacity of PACE Area Administrator to the Governmental Unit and its residents and taxpayers, at no cost to the Governmental Unit.

The goals of the C-PACE Open Market Initiative are to spur investment in energy efficiency and water conservation, and to stimulate growth of renewable energy and resilient building design throughout Illinois.

Introduction

This Program Report was approved by the Governmental Unit by adopting the ordinance to which this Program Report accompanies (the “PACE Ordinance”). All terms defined in the PACE Ordinance will, for all purposes of this Program Report, have the meanings specified therein unless the context otherwise requires.

The PACE Ordinance meets the requirements of Section 15 of the PACE Act. The Governmental Unit created the PACE Area to make financing and refinancing opportunities available to any record owner of property that voluntarily requests the levy of a special assessment to secure the financing or refinancing of a proposed PACE Project pursuant to an assessment contract.

Purpose of the Program Report

As required by the PACE Act, the Program Report contains a basic summary of the Illinois Finance Authority PACE Program and its statewide, open market architecture. The Illinois Finance Authority PACE Program is sometimes referred to, or marketed as, the “IFA PACE Program” or the “IFA Municipal Choice PACE Program” or the “IFA County Advantage PACE Program”).

Program Description

The Governmental Unit is establishing the nonpartisan, nonpolitical IFA PACE Program to accelerate private investment in PACE Projects affixed to existing and newly constructed commercial, industrial, non-residential agricultural, and multi-family (5 or more units) properties in the PACE Area, at no cost to the Governmental Unit. The IFA PACE Program is distinctly different from any existing property assessed clean energy program that has been launched by a county or municipality in Illinois. Under the IFA PACE Program, the Governmental Unit is participating in a statewide, open market of PACE areas administered by the C-PACE Open Market Initiative as the independent, neutral program administrator, referred to as the PACE Area Administrator. The PACE Area Administrator, among other things, acts as a liaison to the Governmental Unit and its residents, taxpayers, and other interested persons. Record owners, meanwhile, are afforded the opportunity to work with capital providers of their own choosing as PACE Project Administrators and to assemble the team of professionals desired for any potential PACE Project (e.g., architects, engineers, energy auditors, appraisers, contractors, bond counsel, trustees, title companies).

The IFA PACE Program is appealing because its neutrality among capital providers avoids the conflicts of interest that exist under certain other existing property assessed clean energy programs throughout Illinois. Under the IFA PACE Program, capital providers or their affiliates will administer and service their respective PACE Projects as PACE Project Administrators. This feature eliminates the additional program administration fees otherwise charged by affiliates of competing capital providers or other third parties that have secured or will endeavor to secure an exclusive role as program administrator for a county or municipality. As a result, the IFA PACE Program incentivizes competition to lower costs and improve service for record owners.

Additionally, in their capacity as PACE Project Administrators, capital providers can fairly manage existing and future relationships with record owners without the risks associated with sharing business intelligence with affiliates of competing capital providers that have secured an exclusive role as program administrator for a county or municipality.

The statewide, open market architecture of the IFA PACE Program also offers what no other property assessed clean energy program in Illinois can offer: uniformity; the financing or refinancing of all PACE Projects regardless of location is undertaken by a single issuer of bonds or notes. The Illinois Finance Authority has statewide authorization to issue bonds and notes to fund PACE Projects located in any PACE area, thus doing away with any issuance of bonds or notes by the Governmental Unit. In turn, the Governmental Unit and its fellow counties and municipalities enjoy the benefit of not incurring any related conduit debt compliance or accounting obligations. The simplification of a single conduit issuer with statewide authorization to fund PACE Projects attracts capital providers that desire a standardized, efficient, and affordable way to facilitate access to capital for record owners, further reducing legal and financing costs for such record owners.

Under the IFA PACE Program, the Governmental Unit always retains its prerogatives as set forth in the PACE Act and the PACE Ordinance, including the right to establish other property assessed clean energy programs and to issue its own bonds or notes under such other programs.

Program Roles and Responsibilities

The roles and responsibilities of the Governmental Unit, the Authority, the PACE Area Administrator, the PACE Project Administrators, and the capital providers under the IFA PACE Program are described below.

Governmental Unit

Pursuant to the PACE Ordinance, any one of the Authorized Officers set forth therein, acting singly, on behalf of the Governmental Unit, may execute and deliver an assessment contract and related assignment agreement assigning the assessment contract to the Authority as collateral for the financing or refinancing, or interim financing, of a PACE Project.

Illinois Finance Authority

Pursuant to the PACE Ordinance, the Governmental Unit has designated the Authority as the sole conduit issuer of bonds and notes to fund any PACE Projects approved under the IFA PACE Program.

The Authority is a body politic and corporate created under the laws of the State of Illinois (the “State”). The Authority was created under the Illinois Finance Authority Act, 20 ILCS 3501/801-1 *et seq.*, as amended from time to time (the “Authority Act”), which consolidated seven of the State’s previously existing financing authorities. Under the Authority Act, the Authority may not have outstanding at any time bonds or notes for PACE Projects in an aggregate principal amount exceeding \$2,000,000,000 (subject to change, from time to time, by acts of the State Legislature). Pursuant to the Authority Act, the Authority is governed by up to

15 Members appointed by the Governor with the advice and consent of the State Senate. The Members receive no compensation for the performance of their duties but are entitled to reimbursement for all necessary expenses incurred in connection with the performance of such duties.

Members of the Authority consider and approve capital providers to purchase or arrange for the purchases of bonds or notes issued by the Authority, and to provide or arrange any related interim financing by warehouse funds prior to the issuance of such bonds or notes, in each case to fund PACE Projects approved under the IFA PACE Program.

Meetings of the Authority are conducted in accordance with the Open Meetings Act, 5 ILCS 120/1 *et seq.*, as amended (the “Open Meetings Act”). An annual schedule of regular meetings of the Authority and all notices, agenda, meeting details, and minutes of each regular or special meeting are posted on the following website: www.il-fa.com/public-access.

PACE Area Administrator

Pursuant to the PACE Ordinance, the Governmental Unit has authorized the PACE Area Administrator to act as the program administrator to manage day-to-day operations of the IFA PACE Program. The PACE Area Administrator will be responsible for administering and implementing the IFA PACE Program, including: processing requests for financing or refinancing, or interim financing; coordinating among record owners, counsel, the Authority, capital providers, PACE Project Administrators, contractors, and other professionals; interfacing with the Governmental Unit on the execution and delivery of assessment contracts and assignment agreements; and reporting and arranging for any required reporting to the Governmental Unit that may be requested from time to time. The PACE Area Administrator will also act as liaison to the community of the Governmental Unit and will conduct, alone or in conjunction with others, appropriate marketing and education activities.

Pursuant to the PACE Ordinance, the Governmental Unit also has delegated to the PACE Area Administrator the discretion to determine which capital providers (or their affiliates) will be authorized to act as PACE Project Administrators. The eligibility requirements of, and the terms and conditions for, a capital provider (or its affiliate) to participate in the IFA PACE Program as a PACE Project Administrator are set forth in a standard form of Master Participation Agreement. The Master Participation Agreement is supplemented by the IFA PACE Program Handbook of Supplemental Information and Requirements (as amended, supplemented, or modified from time to time, the “PACE Handbook”). The PACE Area Administrator considers and approves PACE Project Administrators, and, if approved, the PACE Area Administrator and the PACE Project Administrator enter into the Master Participation Agreement. The form of Master Participation Agreement is available from the PACE Area Administrator upon request. The PACE Handbook is posted on the following website: www.IFApace.com.

Members of the Authority also serve as the Board of Directors of the PACE Area Administrator. The Directors receive no compensation for the performance of their duties but are entitled to reimbursement for all necessary expenses incurred in connection with the performance of such

duties. Meetings of the PACE Area Administrator are conducted in accordance with the Open Meetings Act. All notices, agenda, meeting details, and minutes of each regular or special meeting are posted on the following website: www.il-fa.com/public-access.

PACE Project Administrators

Pursuant to the PACE Ordinance, and upon approval of the PACE Area Administrator, PACE Project Administrators are authorized to act as program administrators of the IFA PACE Program. PACE Project Administrators are authorized, on a non-exclusive basis, for their own account and for the account of others of their choosing, to originate financings or refinancings of PACE Projects, to purchase or arrange for the purchases of the related bonds or notes issued by the Authority, and to provide or arrange any related interim financing by warehouse funds prior to the issuance of such bonds or notes. They are also responsible for providing or arranging for the provision of administrative and servicing responsibilities of such PACE Projects.

Upon entering into the Master Participation Agreement with the PACE Area Administrator, each PACE Project Administrator agrees to perform at its sole cost and expense the duties and obligations set forth in the PACE Ordinance, including this Program Report, the Master Participation Agreement, and the PACE Handbook, as provided herein and therein.

The Governmental Unit reserves the right to terminate or suspend any PACE Project Administrator at any time, for any reason or no reason, after giving written notice thereof to the PACE Area Administrator at least 60 calendar days before the termination or suspension is to be effective. Upon receiving such written notice from the Governmental Unit, the PACE Area Administrator shall give written notice thereof to the PACE Project Administrator at least 30 calendar days before the termination or suspension is to become effective.

Capital Providers

Capital providers (or their designated transferee(s)) purchase bonds or notes issued by the Authority and provide or arrange any related interim financing by warehouse funds prior to the issuance of such bonds or notes, in each case to fund PACE Projects approved under the IFA PACE Program.

Capital providers must be institutional “accredited investors” (as defined in Rule 501(a) of Regulation D promulgated under the Securities Act of 1933, as amended) or “qualified institutional buyers” (as defined in Rule 144A promulgated under the Securities Act of 1933, as amended).

To be an approved capital provider of the IFA PACE Program, Members of the Authority consider and approve authorizing resolutions in meetings conducted in accordance with the Open Meetings Act. Each authorizing resolution of the Authority for the purchase of bonds or notes by a capital provider or its designated transferee(s) remains in effect for up to three years following the date of adoption to ensure efficient and timely funding of PACE Projects, consistent with market expectations. Interested capital providers should contact Authority staff.

A list of approved capital providers is posted on the following website: www.IFApace.com.

Marketing and Education

Given the statewide, open market architecture of the IFA PACE Program, it is anticipated that PACE Project Administrators will conduct marketing on behalf of the IFA PACE Program in their target markets to originate and fund PACE Projects for their own account or the account of others of their choosing. All marketing materials used by PACE Program Administrators in connection with the IFA PACE Program must acknowledge that its services are offered through, or in association with, the Governmental Unit and the Authority (and upon request by the Authority, the C-PACE Open Market Initiative).

The Authority and PACE Area Administrator endeavor to provide technical assistance with respect to the marketing of the IFA PACE Program and educating the community regarding the financing and administration of PACE Projects, as may be reasonably requested by the Governmental Unit and its residents, taxpayers, and other interested persons from time to time. The Authority has posted education materials and contact information on the following website: www.IFApace.com.

Supplemental information regarding resources available to record owners subjecting properties to the IFA PACE Program by Federal or State agencies, including without limitation, the U.S. Department of Energy, the U.S. Department of Housing and Urban Development, the U.S. Department of the Treasury, the Illinois Department of Commerce and Economic Opportunity, the Illinois Department of Natural Resources, the Illinois Environmental Protection Agency, regional councils, or economic development corporations may be published from time to time in the PACE Handbook.

Eligibility

Any financing or refinancing, or interim financing, of a PACE Project approved under the IFA PACE Program must be accompanied by a written opinion from a nationally recognized municipal bond counsel in form and substance acceptable to the Authority.

Eligible Improvements

Each type of improvement as prescribed in the PACE Act qualifies for financing or refinancing, or interim financing, under the IFA PACE Program.

Any of the following types of improvements qualify as PACE Projects under the PACE Act:

- Alternative energy improvements (i.e., electric vehicle charging stations)
- Energy efficiency improvements
- Renewable energy improvements
- Resiliency improvements
- Water use improvements

Pursuant to the PACE Act, the Governmental Unit may exercise discretion to make eligible any energy efficiency improvement, resiliency improvement, or water use improvement that is intended as a utility or other cost-savings measure but is not otherwise specifically enumerated in the PACE Act.

All eligible improvements must be affixed to an eligible property.

Eligible Properties

Each type of property as prescribed in the PACE Act qualifies for financing or refinancing, or interim financing, under the IFA PACE Program.

Any of the following types of privately-owned properties located in the PACE Area qualifies for financing or refinancing under the PACE Act:

- Commercial
- Industrial
- Non-residential agricultural
- Multi-family (of 5 or more units)
- Any property owned by a not-for-profit entity

Eligible Use of Proceeds

The amount of any financing or refinancing, or interim financing, of a PACE Project approved under the IFA PACE Program may include any and all of the following: the cost of materials and labor necessary for acquisition, construction, installation, or modification of the PACE Project, permit fees, inspection fees, application and administrative fees, financing fees, reserves, capitalized interest, costs of billing the assessment, and all other fees, costs, and expenses that may be incurred by the record owner pursuant to the acquisition, construction, installation, or modification of the PACE Project, and the costs of issuance of bonds or notes issued by the Authority on a specific or pro rata basis, as determined by the Governmental Unit, as evidenced by its execution of the assessment contract, and may also include a prepayment premium.

While records owners and PACE Project Administrators may choose any licensed contractor or contractors, each licensed contractor must sign a written acknowledgement that the applicable PACE Project Administrator will not authorize final payment to the contractor or contractors until the Governmental Unit has received the Completion Certificate from the record owner that the PACE Project was properly acquired, constructed, installed, or modified and is operating as intended; provided, however, that the contractor or contractors retain all legal rights and remedies in the event there is a disagreement with the record owner. The PACE Project Administrator is authorized to receive such Completion Certificate on behalf of the Governmental Unit. The Completion Certificate shall be in substantially the form attached to the PACE Handbook.

Quality Assurance and Antifraud

Quality assurance protocols serve to prevent improper or low-quality construction, installation, or modification of PACE Projects and protect against fraud and abuse of the IFA PACE Program.

All work requiring a license under any applicable law to acquire, construct, install, or modify a PACE Project shall be performed by a licensed contractor that has agreed to adhere to a set of

terms and conditions through a process established by the applicable PACE Project Administrator.

Each PACE Project Administrator shall institute quality assurance protocols. Despite the presence of these protocols and procedures, responsibility for the successful operation of any PACE Project is that of the record owner and its registered professionals. None of the Governmental Unit, the Authority, the PACE Area Administrator, the PACE Project Administrator, capital provider, trustee, servicer, or any of their respective directors, managers, officers, employees, advisors, or agents shall have any liability for the acquisition, construction, installation, modification, and operation of any eligible PACE Project.

Program Underwriting Guidelines

Each PACE Project Administrator is likely to have underwriting requirements separate and apart from the underwriting guidelines prescribed by the IFA PACE Program. At a minimum, each PACE Project Administrator shall determine that a PACE Project meets the following program underwriting guidelines, in addition to those guidelines prescribed in the PACE Handbook and the PACE Act, which will be evidenced by the Compliance Certificate described hereafter. At no time will the PACE Area Administrator be a party to negotiations of any proposed financing and assessment between a record owner and the PACE Project Administrator.

Record Owners

In addition to the eligibility requirements described herein, a record owner must be current on all mortgage debt on the applicable property and the record owner must not have filed for bankruptcy in the last two years.

Properties/Assets

Pursuant to the PACE Act, the following characteristics disqualify any eligible property from participating in the IFA PACE Program:

- Any delinquent taxes, special assessments, or water or sewer charges on the property; or
- Any delinquent assessments on the property under a property assessed clean energy program; or
- Any notices of default or other evidence of property-based debt delinquency have been recorded and not cured; or
- The property is an asset in a current bankruptcy proceeding.

Each PACE Project Administrator must have further received evidence of whether there are any involuntary liens on the applicable property, including, but not limited to, construction or mechanics liens, *lis pendens* or judgments against the record owner, environmental proceedings, or eminent domain proceedings. PACE Project Administrators and capital providers (or their designated transferee(s)) have discretion to evaluate the risk, if any, such involuntary liens pose to the financing and assessment of the applicable PACE Project.

Senior Lender Consent

Each record owner shall provide to the mortgage holders of any existing mortgages encumbering or otherwise secured by the applicable property a notice of the record owner's intent to enter into an assessment contract with the Governmental Unit, together with the maximum principal amount to be financed or refinanced and the maximum annual assessment necessary to repay that amount, along with an additional request that the mortgage holders of any existing mortgages consent to the record owner subjecting the property to the IFA PACE Program. The Governmental Unit or applicable PACE Project Administrator shall be provided with a copy or other proof of those notices and the written consent of the mortgage holder for the record owner enter into the assessment contract which acknowledges that (i) the existing mortgage or mortgages for which the consent was received will be subordinate to the assessment contract and the lien created thereby and (ii) the Governmental Unit and its permitted assignees can foreclose the property if the assessment is not paid.

Maximum Assessment Amount/Lien-to-Value

The aggregate amount that may be financed or refinanced, or interim financed, under one or more assessment contracts for any property located in the PACE Area must not exceed 25% of the value of the property as further described below under the caption "Property Valuation" and in accordance with guidelines set forth in the PACE Handbook.

Useful Life

The term of an assessment shall not exceed the useful life of the PACE Project financed or refinanced under an assessment contract. For any assessment contract financing or refinancing multiple improvements or multiple PACE Projects with varying useful lives, the term of an assessment shall not exceed the longest useful life of any singular improvement or PACE Project. The expected useful life of each improvement or PACE Project shall be determined by the PACE Project Administrator based on industry standards and manufacturers' warranties.

Repayment Periods/Maturity

Under the IFA PACE Program, the term of an assessment cannot exceed 40 years. In addition, pursuant to the Authority Act, the final maturity of any bonds or notes issued by the Authority cannot exceed 40 years.

Interest Rates

The interest rate or rates that will be charged pursuant to any assessment contract will be determined by negotiation between a record owner and the PACE Project Administrator. Interest rates are typically fixed for the term of the assessment contract. There is no prohibition under the PACE Act or the IFA PACE Program for an assessment contract to provide for a variable rate of interest.

Credit Enhancement

Bonds and notes issued by the Authority to fund PACE Projects shall never be general obligations of the Governmental Unit, the State, or the Authority but shall be secured by the payments under one or more assessment contracts on the respective, benefited properties located within the PACE Area and, if applicable, revenue sources or reserves established by the Authority (at the request of PACE Project Administrators) from proceeds of bonds or notes or other lawfully available funds. In addition, bonds or notes issued by the Authority may be secured by municipal bond insurance, letters of credit, or public or private guarantees or sureties as may be arranged from time to time by a PACE Project Administrator.

Program Application Process

For any record owner located in the PACE Area to obtain financing or refinancing, or interim financing, of a PACE Project, the IFA PACE Program requires a property valuation, an executed term sheet, an application that has been approved by the Authority, and a Compliance Certificate from the PACE Project Administrator. The PACE Act further requires an energy audit in certain circumstances.

Energy Audit

An evaluation of the existing water or energy use and a modeling of expected monetary savings are required for any proposed energy efficiency improvement, renewable energy improvement, or water use improvement, unless the water use improvement is undertaken to improve water quality. Record owners may work with PACE Project Administrators to satisfy this statutory requirement.

Smart Energy Design Assistance Center, an applied research program at the University of Illinois at Urbana-Champaign (“SEDAC”), provides technical assistance to help building managers, owners, and administrators make their facilities more energy efficient. SEDAC’s mission is to decrease the energy footprint of the state of Illinois and beyond. Record owners and PACE Project Administrators may select SEDAC to complete the evaluation and modeling of their respective PACE Project. More information is posted on the following website: www.smartenergy.illinois.edu.

Property Valuation

Each record owner must demonstrate the value of the applicable property for any prospective financing or refinancing, or interim financing, of a PACE Project. Such value may be determined by the greater of the following:

- the value of the property as determined by the office of the county assessor; or
- the value of the property as estimated in an appraisal report prepared or co-signed by a general real estate appraiser certified by the State.

Values determined by township assessors, multi-township assessors, county supervisors of assessments, boards of review, and boards of appeals are not specifically enumerated in the PACE Act as acceptable for any prospective financing or refinancing, or interim financing, of a

PACE Project. Each PACE Project Administrator may establish requirements for an acceptable appraisal report, including maximum terms of validity, in addition to those set forth above.

Capital Provider Term Sheet

Each record owner must have an executed term sheet with a capital provider. For any prospective PACE Project that lacks a commitment from a capital provider for financing or refinancing, record owners are encouraged to visit www.IFApace.com for a listing of approved capital providers and their respective contact information.

Authority Application

Capital providers that have executed a term sheet with a record owner must complete and apply to the Authority for the proposed financing or refinancing, or interim financing, of the PACE Project. Application forms are posted on the following website: www.IFApace.com.

The Authority generally processes applications within 10 business days following the submission of a completed application. Upon approval by the Authority, such application will be deemed approved by the PACE Area Administrator.

Compliance Certificate

The PACE Project Administrator must undertake the following actions prior to the PACE Area Administrator submitting an assessment contract and assignment agreement to an Authorized Officer for execution:

- i. make the determination that the property to be assessed is entirely within the PACE Area;
- ii. have received evidence of all the enumerated items in Section 25(c) of the PACE Act and Section 25(d) of the PACE Act; and
- iii. execute and deliver to the PACE Area Administrator a Compliance Certificate as to the matters set forth in clauses (i) and (ii) and a representation and warranty that such PACE Project Administrator is in compliance with its duties and obligations as a program administrator of the IFA PACE Program. The Compliance Certificate shall be in substantially the form attached to the PACE Handbook.

Upon receipt of the PACE Project Administrator's Compliance Certificate, the PACE Area Administrator will facilitate the execution and delivery of the applicable assessment contract and related assignment agreement by any one of the Authorized Officers. PACE Project Administrators are encouraged to provide the Governmental Unit a reasonable amount of time for such execution and delivery to occur prior to the scheduled closing of any financing or refinancing, or interim financing, of a PACE Project approved under the IFA PACE Program.

Forms of Assessment Contract and Assignment Agreement

Each assessment contract between the Governmental Unit and any record owner located in the PACE Area will be in substantially the form attached hereto as Appendix A. Each related assignment agreement between the Governmental Unit and the Authority assigning the

assessment contract to the Authority as collateral for any financing or refinancing, and interim financing, will be in substantially the form attached hereto as Appendix B.

The exhibit and schedules included with each assessment contract will reflect the actual terms and conditions governing that particular financing or refinancing and assessment as agreed between the record owner and the PACE Project Administrator. The form of the body of the assessment contract is standardized and will not be subject to change.

Each PACE Project Administrator will record or cause to be recorded each assessment contract and related assignment agreement with the applicable county clerk or county recorder in which the applicable property is located as a lien on such property, until the assessment, including any interest, penalty, and prepayment fee, is paid in full. The lien has the same priority as real estate property taxes and other special assessment liens.

Pursuant to each standardized assessment contract, each record owner agrees to indemnify, defend, protect, and hold harmless the participants in the IFA PACE Program, including the Governmental Unit, from and against all losses, liabilities, claims, damages (including consequential damages), penalties, fines, forfeitures, costs and expenses (including all out-of-pocket litigation costs and attorney's fees) and any demands of any nature related directly or indirectly to, or arising out of or in connection with (i) the record owner's participation in the IFA PACE Program, (ii) the assessment and the assessment obligations, (iii) the PACE Project, or (iv) any other fact, circumstance or event related to the subject matter of such assessment contract, regardless of whether such claims accrue before or after the date of its execution.

Plan of Finance

Execution and delivery of an assessment contract and related assignment agreement by an Authorized Officer and the satisfaction or waiver of all conditions is required to consummate any financing or refinancing, or interim financing, of a PACE Project approved under the IFA PACE Program.

Long-Term Financing

To fund a PACE Project with long-term financing, the Authority will issue bonds or notes to be purchased by a capital provider (or its designated transferee(s)).

With limited exceptions, each bond and note financing is structured as a direct purchase by the capital provider that originated the financing or refinancing of the related PACE Project (or PACE Projects in the case of pooled financings). Any transfer of bonds or notes is conditioned upon the receipt by the Authority of an investor letter substantially in the form approved by the Authority or with such changes thereto as are agreed upon by the Authority.

Record owners or PACE Project Administrator may also arrange for an underwriter or placement agent to facilitate the public offering or limited public offering of the Authority's bonds or notes to fund a PACE Project. Such financing structures in the capital markets can add legal costs due to the additional marketing documents that must be crafted to facilitate the sale of the bonds or notes to long-term investors.

Any proceeds of any bond or note issued by the Authority and used by a record owner to fund the acquisition, construction, installation, or modification of a PACE Project at closing must comply with the prevailing wage requirements and reporting obligations of the State (just as with any bond or note otherwise issued by a county or municipality).

Interim Financing

To fund a PACE Project with interim financing provided by a warehouse fund established by a capital provider, the Authority will assign the assessment contract to the applicable capital provider or its transferee as collateral for such interim financing for up to 36 months pursuant to a Master Warehouse Agreement. Upon re-assignment of the assessment contract, the Authority will issue bonds or notes to refinance any interim financing that has been provided by such warehouse fund.

Pursuant to the PACE Act, the Governmental Unit or the Authority may also establish a warehouse fund to assist record owners with the interim financing of one or more PACE Projects. Any proceeds of any warehouse fund established by the Governmental Unit or the Authority and used by a record owner to fund the acquisition, construction, installation, or modification of a PACE Project at closing must comply with the prevailing wage requirements and reporting obligations of the State.

Billing and Collecting

Assessments may be included in the regular property tax bills of the county in which a property is located or the Governmental Unit, the PACE Project Administrator, or third-party servicer may bill and collect the assessment amount.

Payment received by mail and postmarked on or before any required due date is not delinquent. From and after the due date of any installment of an assessment, an additional rate of interest of 1 1/2% per month may be imposed with respect to the delinquent amount of such installment, which shall be payable to the applicable capital provider, PACE Project Administrator, or third-party servicer as set forth in the applicable bill.

IFA Municipal Choice PACE Program

For assessments imposed by municipalities, it is anticipated that each capital provider or PACE Project Administrator will directly bill and collect assessments to record owners or indirectly bill and collect assessments through a third-party servicer to record owners. As a result, capital providers keep 100% of any default interest and always have the legal option to pursue a default remedy through either the regular county tax sale process or through an accelerated judicial foreclosure under the State's Municipal Code.

If an assessment becomes delinquent during any year, the applicable capital provider, PACE Project Administrator, or third-party servicer shall, on or before the date in such year required by the county in which the PACE area is located, make a report in writing to the general office of the county in which the applicable property subject to the assessment is situated and authorized by the general revenue laws of this State to apply for judgment and sell lands for taxes due the

county and the State, of the assessments or installments thereof the applicable capital provider, PACE Project Administrator, or third-party servicer has billed for and not received as required under the applicable bill, including any interest or penalties that may be due as set forth in the applicable assessment contract.

Such report shall be certified by the applicable capital provider, PACE Project Administrator, or third-party servicer and shall include statements that (i) the report contains true and correct list of delinquent assessments that the capital provider, PACE Project Administrator, or third-party servicer has not received as required by the applicable bill and (ii) an itemization of the amount of the delinquent assessment, including interest and penalties, if applicable. The report of the applicable capital provider, PACE Project Administrator, or third-party servicer, when so made, shall be prima facie evidence that all requirements of the law in relation to making the report have been complied with and that the assessments or the matured installments thereof, and the interest thereon, and the interest accrued on installments not yet matured, mentioned in the report, are due and unpaid.

Upon proper filing of such report, at the direction of the applicable capital provider, PACE Project Administrator, or third-party servicer, the PACE Act mandates that the county collector shall enforce the collection of the assessments in the manner provided by law.

WHEREAS, pursuant to the Act, the Governmental Unit and the Record Owner desire to enter into this Contract, pursuant to which the Record Owner will agree to pay the assessment in order to finance or refinance the Project and the Governmental Unit may agree to assign this Contract in furtherance of providing financing for the Project.

AGREEMENT

Section 1. Purpose. The Record Owner and the Governmental Unit are entering into this Contract for the purpose of financing or refinancing the Project.

Section 2. The Property. This Contract relates to the Property. The Record Owner has provided to the Governmental Unit sufficient evidence that the Record Owner is the

titleholder or owner of the beneficial interest in the Property and possesses all legal authority necessary to execute this Contract.

Section 3. Assessment; Bonds; Installment; Prepayment; Collection.

(a) *The Assessment.* The Record Owner hereby freely and willingly agrees that a special assessment (the “Assessment”) in the amount specified in Schedule I (the “Assessment Amount”) shall be levied by the Governmental Unit on the Property pursuant to the Act. The Assessment Amount includes an amount to pay all or a portion of the costs of (i) the Project, (ii) the Program Fees (including costs of issuance of Bonds and, if applicable, closing under the Warehouse Fund), Capital Provider Fees and Other Fees if so specified in Schedule I, (iii) capitalized interest on Bonds or, if applicable, the Warehouse Fund, if so specified in Schedule I, and (iv) funding any required debt service reserve or other reserve, if so specified in Schedule I (collectively, the “Financing Purposes”). The Record Owner acknowledges and agrees that the Assessment Amount does not exceed the special benefit conferred on the Property by the Financing Purposes thereon.

(b) *Bonds.* The Governmental Unit hereby determines that bonds, which may be serial bonds, term bonds or both, shall be issued (i) by the Governmental Unit pursuant to the Act or (ii) upon assignment of this Contract to the Authority, by the Authority pursuant to the Authority Act, all in accordance with the Act (the “Bonds”) and shall be secured by the Assessment to pay the cost of the Financing Purposes, and that, if applicable, interim financing prior to the issuance of Bonds may be provided through a Warehouse Fund by assignment of this Contract thereto.

(c) *Interest; Assessment Installments.* Interest on the Assessment Amount shall begin to run from the date the Bonds are issued or, if applicable, interim financing from the Warehouse Fund is issued, and shall be computed at the rate specified in Schedule I. The payment of the Assessment shall be in annual installments of the Assessment Amount and the interest thereon (the “Assessment Installments”) as set forth in Schedule I.

(d) *Collection.* The annual Assessment Installment, plus the Assessment Administrative Fee (the “Annual Assessment Amount”) coming due in any year shall be payable in the same manner and at the same time and in the same installments as the general taxes on the Property are payable or as otherwise provided in Schedule I attached hereto, and have the same priority, become delinquent at the same time and in the same proportionate amounts as the general taxes on the Property, and bear the penalties and interest after delinquency as set forth in the Act. The Annual Assessment Amount may be included in the regular property tax bills of the county in which the Property is located or the Governmental Unit, the Program Administrator or another third party may bill and collect the Annual Assessment Amount. Property Owner represents that all mortgagees to the Property have, in advance of the Effective Date, been provided notice of the imposition of the Assessment and have consented to the Assessment and Annual Assessment Amount in the amounts described on Schedule I.

(e) *Assessment Administrative Fees.* In addition to the Assessment Installments, the Governmental Unit or any Assignee (as defined below) may (or may direct the Program Administrator or another third party on behalf of the Governmental Unit or any such Assignee,

as the case may be, to), in accordance with the Act, add thereto amounts in order to pay for the costs of collecting the Assessment (including any and all costs of enforcement, including foreclosure or other remedies for default on the Assessment), the administration of the Assessment, the administration of the Bonds or the Warehouse Fund, other administrative costs and any amounts the Record Owner may owe for indemnification as set forth in Section 12 hereto (the "Assessment Administrative Fee"). Schedule I shows the estimated scheduled Assessment Administrative Fees, however such estimated Assessment Administrative Fees might increase if the costs of collecting the Assessment or administering the Program increase. The Record Owner agrees to pay actual scheduled Assessment Administrative Fees, which may be higher than such estimates, as well as any other Assessment Administrative Fees.

(f) *Prepayment of the Assessment.* The Assessment Amount may be prepaid, in whole or in any amount at least equal to the minimum set forth in Schedule I, at any time upon the payment of (i) the amount of any delinquent Annual Assessment Amounts, together with any interest and penalties accrued to the date of prepayment, plus (ii) the whole or, subject to the minimum amount set forth in Schedule I, a portion of the unpaid non-delinquent Assessment Amount (the "Assessment Prepayment Amount"), plus (iii) interest on the Assessment Prepayment Amount to the redemption date occurring at least [30] days following the date the prepayment is made, plus (iv) an amount equal to the redemption premium, if any, set forth on Schedule I, plus (v) a reasonable fee, if charged by the Governmental Unit or any Assignee or the Program Administrator or another third party on its behalf, for the cost of administering the prepayment, if applicable, and the redemption of Bonds, plus (vi) any other due and outstanding or accrued Assessment Administrative Fees.

(g) *No Reduction or Offset.* The Record Owner hereby acknowledges and agrees that the Assessment will not be subject to reduction, offset or credit of any kind in the event that the Project fails to perform in any way or for any reason.

(h) *No Acceleration; Survival.* Amounts due under the Assessment will not accelerate upon a default or late payment or enforcement of remedies under this Contract and the Assessment, the lien thereof and the obligation to pay Assessment Obligations when they become due shall survive any such event and continue until paid in full.

Section 4. Record Owner's Representations and Warranties

The Record Owner represents and warrants to the Governmental Unit and each Assignee, which representations and warranties shall be true and correct as of the Effective Date and at all times thereafter as follows:

(a) *Organization and Authority.* The Record Owner, if a legal entity, is duly organized, validly existing and in good standing in the state of its organization and with authority to do business under the laws of the State of Illinois. The Record Owner has all necessary power and authority to own the Property and to conduct its business and enter into the transactions contemplated hereby. The Record Owner has the right to enter into and perform this Contract, and the execution, delivery and performance of this Contract and each and every document specified in the List of Documents contained in Exhibit A executed in connection herewith (collectively, the "Transaction Documents") have been duly authorized, executed and delivered

and constitute valid and binding obligations of the Record Owner, each enforceable in accordance with its terms, and will not violate any applicable law or result in the creation of a lien against the Property except as contemplated by this Contract.

(b) *Financial Statements.* All financial statements delivered to the Governmental Unit or the Program Administrator are true and correct, have been prepared in accordance with United States generally accepted accounting principles consistently applied, fairly represent the financial condition of the Record Owner as of the date thereof, and no material adverse change has occurred in the financial condition presented therein since such date.

(c) *No Litigation.* There are no actions, suits or proceedings pending or, to the knowledge of the Record Owner, threatened, against or affecting it or the Property which could materially adversely affect the Record Owner, its financial condition, the Property or the construction of the Project or the Record Owner's ability to satisfy its obligations under this Contract and any of the Transaction Documents, if applicable except as noted in Schedule II attached herein.

(d) *Title.* The Record Owner has good and insurable title to the Property. Except as set forth on Schedule II ("Permitted Liens"), there are no involuntary liens on the Property, including, but not limited to, construction or mechanics liens, *lis pendens* or judgments against the Record Owner, environmental proceedings, or eminent domain proceedings.

(e) *Property-Based Debt; Taxes.* The Record Owner is not in default, and has received no notices of default, under any property-based debt that has not been otherwise cured. The Record Owner is current on all mortgage debt on the Property, has not had an Insolvency Event in the last two (2) years from the Effective Date, and the Property is not the subject of any Insolvency Event. There are no delinquent taxes, special assessments, or water or sewer charges on the Property. There are no delinquent assessments on the Property in a property assessed clean energy program (including the Program).

(f) *Compliance With Laws.* The Record Owner has complied with, and will continue to comply with, all applicable statutes, regulations and ordinances in connection with the Property and construction of the Project. All permits, consents, approvals and authorizations required to be issued by any governmental body (collectively, the "Permits") necessary for (a) the construction of the Project in accordance with the plans and specifications (together, the "Plans") submitted by the Record Owner; (b) the construction, connection and operation of all utilities necessary to service the Project; and (c) the construction and use of all roadways, driveways, curb cuts and other vehicular or other access to and egress from the Project, as shown on the Plans either (i) have been obtained, are valid, are in full force and effect and have been complied with by the Record Owner in all respects; or (ii) will be obtained, will be valid, will be in full force and effect prior to the initiation of construction of the Project, and Record Owner will be in compliance therewith in all respects prior to any "permitted assignee" (as defined in the Act), including any bond trustee or "capital provider" (as defined in the Act) to which this Contract has been assigned (the "Assignee") disbursing any Bond proceeds or interim financing provided by a Warehouse Fund, if applicable. Construction of the Project in accordance with the Plans will comply with applicable zoning, use, building or other applicable codes, laws, regulations, ordinances and Permits and any restrictive covenants affecting the Property.

(g) *Approval of Plans and Budgets.* Any Plans submitted will be a true and accurate reflection of the Project (when completed) and have been approved as required by all governmental bodies or agencies having jurisdiction over the Project or will be approved prior to the first disbursement request. The budget for construction of the Project (the “Budget”) is an accurate current budget of all costs necessary to construct the Project in accordance with the Plans and is attached to the construction contract(s) to which the Record Owner is a party and described on Exhibit A pertaining to the construction and installation of the Project (the “Construction Contract”). The cost of construction of the Project is not expected to exceed the cost therefor set forth in the Budget. The Record Owner is responsible for any costs in excess of the Budget.

(h) *Contractors.* All work requiring a license under any applicable law to acquire, construct, install, or modify the Project has been and will be performed by licensed contractors that have agreed to adhere to the Governmental Unit’s or the Program Administrator’s terms and conditions. All such contractors have signed a written acknowledgment that the Governmental Unit or its Program Administrator will not authorize final payment to such contractor until the Governmental Unit or the Program Administrator has received written confirmation from the Record Owner that the Project was properly acquired, constructed, installed or modified and is operating as intended.

(i) *Mortgage Holder Consent.* The Record Owner represents and warrants that the Record Owner has (i) disclosed to the Governmental Unit or the Program Administrator, the identities of all persons, if any, that hold mortgage liens against the Property (whether recorded or unrecorded) that may be affected by the Assessment; (ii) has obtained and delivered to the Governmental Unit or the Program Administrator the written consent of all such persons to the Assessment, which consent complies with the requirements of the Act; and (iii) to the Record Owner’s knowledge, no such consent has been withdrawn or revoked.

(j) *Insurance.* The Record Owner has provided to the Governmental Unit or the Program Administrator satisfactory evidence of current insurance policies on the Property. Such policies shall meet the specifications set forth in accordance with the Program Guidelines but, notwithstanding such specifications, to the extent Bonds are issued under the Authority Act, the Authority and any Bond Trustee, and, to the extent any interim financing is provided, any Warehouse Fund shall be named as an additional insured (mortgagee/loss payee) on all insurance policies required hereunder.

(k) *PACE Project Application.* All representations, warranties, statements, exhibits, instruments and other documents contained in or included as a part of the PACE Project Application are true, correct and complete as of the Effective Date. The Project constitutes an “energy project” and the Property constitutes “property” as each term is defined in the Act.

(l) *No Impairment.* No fraud, error, omission, misrepresentation, negligence or similar occurrence with respect to the Property, Plans, Budget, Construction Contract or Project has taken place on the part of the Record Owner or any other person, including, without limitation, any appraiser, title company, closing or settlement agent, realtor, builder or developer or any other party involved in the Property, Plans, Budget, Construction Contract or Project, that would impair in any way the rights of the Governmental Unit, any Assignee or any Warehouse

Fund in the Property, Plans, Budget, Construction Contract or Project or that violated applicable law.

(m) *Environmental Matters.* Except as shown on Schedule III attached hereto (the “Environmental Schedule”), there are no underground storage tanks located on the Property; there is no past or present non-compliance with environmental laws, or with permits issued pursuant thereto, in connection with the Property (which has not been fully remediated in accordance with environmental laws); there is no environmental remediation required (or anticipated to be required) with respect to the Property; and Record Owner does not know of, and has not received, any written or oral notice or other communication from any person (including but not limited to a governmental entity) relating to hazardous substances or remediation thereof, of possible liability of any person pursuant to any environmental law, other environmental conditions in connection with the Property, or any actual or potential administrative or judicial proceedings in connection with the foregoing.

(n) *Property Value.* The aggregate amount to be financed or refinanced hereunder and any other assessment contract related to the Property does not exceed 25% in relation to the greater of (i) the value of the Property as determined by the office of the applicable county assessor; or (ii) the value of the Property as determined by an appraisal conducted by a licensed appraiser.

Section 5. Record Owner Covenants

The Record Owner hereby covenants and agrees as follows:

(a) *Maintenance of Property.* The Record Owner shall, at all times, maintain the Property and, after construction, the Project. The Record Owner shall pay when due all taxes, assessments (including the Assessment), water charges, sewer charges and all other charges levied on or against the Property, and upon written request, submit to the Governmental Unit or any Assignee or any third party acting on their behalf official receipts evidencing such payments.

(b) *Construction Start and Completion.* The Record Owner shall commence construction of the Project and shall diligently proceed with construction of the Project in accordance with the approved Plans and Budget and in a good, substantial and workmanlike manner in accordance with the Construction Contract and all applicable laws, ordinances, codes, rules and regulations. [Construction of the Project shall be completed on or prior to the Outside Completion Date as defined in Exhibit A]*.

(c) *Protection Against Liens.* Except for any Permitted Liens, the Record Owner shall promptly pay and discharge all claims for labor performed and material and services furnished in connection with construction of the Project, and take all other steps necessary to prevent the assertion of claims or liens either against the Property or the Project, other than (i) the claims and lien provided herein, (ii) liens, if any, for taxes imposed by any governmental authority not yet due or delinquent, and (iii) such other title and survey exceptions as the

Governmental Unit (or its Assignee, as applicable) or any Assignee or any third party acting on their behalf has approved or may approve in writing in its sole discretion.

(d) *Periodic Reports/Certifications.* Upon request by the Governmental Unit or any Assignee or any third party acting on their behalf during the period construction of the Project begins on the Property until the Project has been accepted as completed pursuant to the terms of the Construction Contract, the Record Owner shall provide to the Governmental Unit or any Assignee or any third party acting on their behalf a written statement, certified as true, correct and complete, setting forth the status of the Project, including an updated schedule for completion of construction of the Project. Such certification shall be in such form and with such detail as the Governmental Unit or any Assignee or any third party acting on their behalf shall specify and may be included in completion certificate(s) as set forth in the Program Guidelines.

(e) *Notice of Claims; Adverse Matters.* The Record Owner shall promptly notify the Governmental Unit or any Assignee or any third party acting on their behalf in writing of any potential Insolvency Event and all pending or threatened litigation or other matters that may materially and adversely affect the Property or Record Owner's ability to meet its obligations under the Transaction Documents or otherwise with respect to the Financing Purposes. "Insolvency Event" shall mean the Record Owner has (i) consented to the appointment of a conservator or receiver or liquidator in any insolvency, bankruptcy, readjustment of debt, marshalling of assets and liabilities or similar proceeding relating to the Record Owner or relating to all or substantially all of such Record Owner's property, (ii) failed to pay its debts as they become due and such failure has not been cured within thirty (30) days of the event; (iii) admitted in writing its inability to pay its debts as they become due, (iv) filed a petition to take advantage of any applicable insolvency or reorganization statute, (v) made an assignment for the benefit of its creditors, (vi) filed against it a petition for involuntary bankruptcy or some other involuntary insolvency proceeding which is not dismissed within thirty (30) days, or (vii) voluntarily suspended payment of its obligations.

(f) *Waiver and Release of Claims Against Governmental Unit, the Program Administrator, the Authority and Related Parties.* For and in consideration of the Governmental Unit's execution and delivery of this Contract and the Authority and, if applicable, the Warehouse Fund providing capital to finance the Project, Record Owner (for itself and for any successor-in-interest to the Property and for anyone claiming by, through or under Record Owner, including without limitation, heirs, personal representatives, mortgagees and transferees), hereby waive the right to recover from the Governmental Unit, the Authority, the Warehouse Fund, any other Assignee, the Program Administrator and another third party acting on behalf of the Governmental Unit, the Authority, the Warehouse Fund and any other Assignee, any owner of the Bonds, any bond trustee, any placement agent and any and all members, officers, officials, agents, employees, attorneys and representatives of any of them, as well as their successors and assigns (collectively, the "Financing Parties"), and fully and irrevocably release the Financing Parties from, any and all claims, obligations, liabilities, causes of action, set-offs or damages (including attorneys' fees and court costs), that Record Owner may now have or hereafter acquire against any of the Financing Parties and accruing from or related to (i) this Contract, (ii) the disbursement of Bond proceeds or interim financing provided by a Warehouse Fund, if applicable, (iii) the levy and collection of the Assessment, (iv) the imposition of the lien of the Assessment, (v) the performance of the Project, (vi) the Project, (vii) any damage to or

diminution in value of the Property that may result from construction or installation of the Project, (viii) any injury or death that may result from the construction or installation of the Project, (ix) the selection of manufacturer(s), dealer(s), supplier(s), contractor(s) and/or installer(s), and their action or inaction with respect to the Project, (x) the merchantability and fitness for any particular purpose, use or application of the Project, (xi) the amount of energy savings, energy production, water conservation or other performance outcomes resulting from the Project or any assured performance guaranty, (xii) the workmanship of any third parties under any agreements including, without limitation, any Construction Contract, and (xiii) any other matter with respect to the PACE Program (collectively, the “Liabilities”).

This release includes claims, obligations, liabilities, causes of action and damages of which the Record Owner is not presently aware or which the Record Owner does not suspect to exist which, if known by the Record Owner, would materially affect Record Owner’s release of the Financing Parties. Notwithstanding the foregoing, Record Owner’s releases under this Section shall not extend to Liabilities arising from any Financing Parties willful misconduct. The Record Owner acknowledges that the Financing Parties established the PACE Program solely for the purpose of facilitating financing of energy projects arranged by owners of commercial property located in the PACE Area. The Financing Parties are not responsible for the selection, management and/or supervision of the Project, the Project’s performance, the Construction Contracts or any assumed performance guaranty. Any issues related to performance of the Project should be discussed with chosen contractors, installers, manufacturers and/or distributors involved with the Project. The waivers and releases by Record Owner contained in this Section shall survive the disbursement of any Bond proceeds, interim financing provided by a Warehouse Fund, if applicable, or any portion thereof, the transfer or sale of the Property by Record Owner and the termination of this Contract.

Notwithstanding the foregoing or anything to the contrary contained in this Contract, the waiver and release provided for in this Section shall not bar the Record Owner, its successors-in-interest to the Property, from bringing an equitable action against the Governmental Unit for specific performance of its duties and obligations under this Contract, or to enjoin or prevent the violation of this Contract thereby, it being understood and agreed, however, that the Financing Parties shall not be liable for money damages or costs of such equitable proceeding except insofar and to the extent such Liabilities arise from their willful misconduct.

(g) *Energy Assessment.*

(i) To the extent the Project consists of an energy efficiency improvement, renewable energy improvement or water use improvement (each as defined in the Act, and except for a water use improvement that is undertaken for water quality), the Record Owner must obtain an assessment and analysis of the energy and/or water conservation impacts for the Project, as applicable (an “Energy Assessment”). The Energy Assessment must assess the existing water and/or energy use of relevant systems, or code baseline usage in the case of new construction and include a modeling of expected monetary savings to be achieved by the Project. To implement this provision, the Record Owner shall obtain an Energy Assessment from a qualified provider approved by the Program Administrator. The cost of the Energy Assessment, as well as the cost of any other third-

party review of the Energy Assessment, may be included in the Assessment Amount (defined in Schedule I).

(ii) Upon completion of the Project, the Record Owner shall submit a post-construction report to the Governmental Unit or the Program Administrator in a form provided by the Program Administrator. This report shall contain:

(1) A statement that Project has been completed in accordance with the Plans and the Transaction Documents, and that the systems are performing as expected; and

(2) Identification and discussion of any substitutions, compromises, or variances between the final Plans and Transaction Documents with the as-built conditions of the Project.

(h) *Property Transfers.* The Record Owner covenants that it will provide the Governmental Unit, any Assignee, the Program Administrator and the capital provider notice of any sale or transfer of interest to fee title in the Property after the Effective Date concurrently with such transfer or sale, and no later than three (3) business days thereafter.

Section 6. Lien; Foreclosure.

(a) *Lien.* The Assessment, in the amount of the Assessment Amount, the interest thereon, the Assessment Administrative Fees, any other amounts due and payable by the Record Owner under this Contract and the Act, and any interest and penalties allowable on any past-due amounts thereof and any indemnification and reimbursement obligations (collectively, the “Assessment Obligations”), shall constitute a lien against the Property until it is paid, which lien shall be coequal to and independent of the lien for general taxes.

(b) *Foreclosure.* The Record Owner acknowledges and agrees that if any portion of the Assessment Obligations is not paid when due, the Governmental Unit shall have all rights and remedies for such non-payment as it does with respect to delinquent property taxes and other delinquent special assessments as set forth in Article 9 of the Illinois Municipal Code, including the lien, sale, and foreclosure remedies described in that Article (“Enforcement Remedy”). Any Assignee shall have and possess the delegable powers and rights at law or in equity as the Governmental Unit would have with respect to an Enforcement Remedy with regard to (i) the precedence and priority of liens evidenced by this Contract, (ii) the accrual of interest, and (iii) the fees and expenses of collection, and shall have the right to enforce such liens through an Enforcement Remedy. The Record Owner acknowledges that the Assignee may obligate itself, through a covenant with the owners of the Bonds, to exercise an Enforcement Remedy with respect to enforcement of delinquent Assessment Obligations under circumstances specified in such covenant.

Section 7. Financing or Refinancing of the Project. The parties hereby agree that the net proceeds of the Bonds or interim financing provided by a Warehouse Fund, if applicable, allocable to the Assessment shall be used to finance or refinance the Project.

Section 8. Term; Contract Runs with the Land; Division.

(a) Except as otherwise set forth in this Contract, this Contract shall expire upon the final payment or prepayment of the Assessment.

(b) This Contract establishes rights and obligations that are for the benefit of the Property and, therefore, such rights and obligations run with the land.

(c) The obligation to pay the Assessment Obligations is an obligation of the Property and no agreement or action of the Record Owner shall be competent to impair in any way the rights of the Governmental Unit or the Program Administrator or the rights of any Assignee, including, but not limited to, the right to pursue judicial foreclosure of the Assessment lien or the right to enforce the collection of the Assessment Obligations or any installment thereof against the Property.

(d) In the event the Property is divided while the Assessment remains unpaid, the unpaid installments of the Assessment Obligations shall be segregated and apportioned by the Governmental Unit or the Assignee or the Program Administrator or a third party acting on its behalf in accordance with a method selected by it in its good faith judgment.

Section 9. Recordation of Documents. The Governmental Unit or the Assignee or the Program Administrator or other third party acting on its behalf shall record or cause to be recorded in the office of the County Recorder this Contract and any other documents required by applicable law or any Assignee to be recorded.

Section 10. Notice. The Record Owner shall provide written notice to any subsequent purchaser of the Property, or a portion thereof, of the obligation to pay the Assessment.

Section 11. Waivers, Acknowledgment and Contract.

(a) Since the Assessment is voluntary and imposed, in accordance with the Act, pursuant to this Contract, the Record Owner hereby waives any requirements otherwise applicable to special assessments under any other provision of Illinois law, for notice or public hearing.

(b) The Record Owner hereby waives its right to appeal or contest the Assessment or to file any lawsuit or other proceeding to challenge the Assessment or any aspect of the proceedings of the Governmental Unit undertaken in connection with the PACE Program. The Record Owner hereby agrees that the Record Owner and its successors in interest to fee title in the Property shall be solely responsible for the installation, operation and maintenance of the Project. The Record Owner hereby acknowledges that the Record Owner and its successors in interest to fee title in the Property will be responsible for payment of the Assessment regardless of whether the Project is properly installed, operated, maintained or performs as expected.

(c) The Record Owner hereby agrees that the Governmental Unit is entering into this Contract solely for the purpose of assisting the Record Owner with the financing or refinancing of the Project, and that neither the Governmental Unit, any Assignee, the Program Administrator nor any third party acting on its behalf has any responsibility of any kind for, and shall have no

liability arising out of, the installation, operation, financing, refinancing, maintenance or performance of the Project. The Record Owner hereby certifies to the Governmental Unit that the Governmental Unit has complied with the provisions of Section 25 of the Act. The Record Owner hereby waives the right to recover from and fully and irrevocably releases the Financing Parties from any and all losses, liabilities, claims, damages (including consequential damages), penalties, fines, forfeitures, costs and expenses (including all reasonable out-of-pocket litigation costs and reasonable attorney's fees), relating to the subject matter of this Contract that the Record Owner may now have or hereafter acquire against the Financing Parties.

Section 12. Indemnification.
