# V. MESSAGE FROM THE EXECUTIVE DIRECTOR 

[REMAINDER OF PAGE IS INTENTIONALLY BLANK]

To: $\quad$ Members of the Illinois Finance Authority
From: Chris Meister, Executive Director
Date: July 11, 2023
Subject: Executive Director Message

## Fiscal Year 2024 Begins

We welcome Fiscal Year 2024 (which began on July 1, 2023) with optimism and ambition. Together, we will build on the successes of Fiscal Year 2023 which ended with positive net income and more than $\$ 200$ million in pending federal funding applications. I see the priorities for Fiscal Year 2024 as follows:

1. Climate Bank. Our priority is to successfully apply for and effectively deploy available and time-limited federal funds.
2. Economic Development. We will further deepen the partnership between the Illinois Finance Authority/Climate Bank and the Department of Commerce and Economic Opportunity (DCEO) to advance the Governor's economic development goals.
3. Conduit Bond Issuance. This is the Authority/Climate Bank's core product and revenue source. Using our commercial approach, we must maintain our strength with the universe of current and potential conduit borrowers.
4. Legacy Mandated Cost Centers and Programs. These divert scarce resources from Climate Bank and economic development priorities. We will continue to seek ways to reduce legacy costs and programs.

## Today's Agenda

Argonne National Laboratory in Lemont (Argonne), a global competitive asset to Illinois, is owned by the United States Department of Energy (USDOE) but managed and operated by UChicago Argonne LLC, a wholly owned affiliate of The University of Chicago. The Theory and Computing Sciences Building Trust project is located on the Argonne campus and is mission critical to the USDOE's national Leadership Computing Initiative. The project will enable Argonne to continue to advance America's scientific leadership with world-class research facilities through the installation of a supercomputer and other improvements. The University of Chicago is the sole beneficiary of the Theory and Computing Sciences Building Trust.

Clark-Lindsey Village, Inc. and Clark-Lindsey Holdings, Inc. (Clark-Lindsey) is a not-for-profit continuing care retirement community located in Urbana. The bonds will finance new construction at the community and other transaction costs. In 2022, Clark-Lindsey was a new borrower to the Authority. We welcome them to today's agenda.

There is also the annual election of the Authority Vice Chair and a procurement matter for a potential refinancing for outstanding Illinois Environmental Protection Agency State Revolving Fund Bonds.

## RESOLUTION 2023-0711-CF01

#### Abstract

RESOLUTION PROVIDING FOR THE ISSUANCE OF TAXABLE REVENUE BONDS (THEORY AND COMPUTING SCIENCES BUILDING TRUST) SERIES 2023 IN AN AGGREGATE PRINCIPAL AMOUNT OF NOT TO EXCEED $\$ 120,000,000$ AND AUTHORIZING THE SALE THEREOF; AUTHORIZING THE EXECUTION AND DELIVERY OF AN INDENTURE OF TRUST, LOAN AGREEMENT, BOND PURCHASE AGREEMENT AND RELATED DOCUMENTS IN CONNECTION WITH THE SERIES 2023 BONDS; APPROVING THE DISTRIBUTION OF A PRELIMINARY OFFICIAL STATEMENT AND A FINAL OFFICIAL STATEMENT IN CONNECTION WITH THE OFFERING OF THE SERIES 2023 BONDS; AND RELATED MATTERS.

WHEREAS, the Illinois Finance Authority (the "Authority"), a body politic and corporate duly organized and validly existing under and by virtue of the laws of the State of Illinois (the "State"), including without limitation the Illinois Finance Authority Act, 20 ILCS 3501/801-1 et seq. (said Act, as from time to time amended, being herein referred to as the "Act"), is authorized by the laws of the State, including without limitation the Act, to issue its revenue bonds for the purposes set forth in the Act and to permit the expenditure of the proceeds thereof to finance the cost of "projects," as such term is defined in the Act; and

Whereas, Theory and Computing Sciences Building Trust, a Delaware statutory trust (the "Borrower"), leases certain real estate located in DuPage County Illinois, which real estate is a portion of the area commonly identified as Argonne National Laboratory, 9400 South Cass Avenue, Lemont, Illinois, from The United States Department of Energy pursuant to a Ground Lease Agreement effective as of December 4, 2007; the Borrower has acquired, constructed and equipped a theory and computing sciences building thereon, including a parking area, improvements and equipment (the "Facility"), which was financed in part by the sale and issuance of the $\$ 61,535,000$ Illinois Finance Authority Taxable Revenue Bonds (Theory and Computing Sciences Building Trust Project), Series 2007 (the "Prior Bonds"); and

Whereas, the Borrower has now requested that the Authority issue not to exceed $\$ 120,000,000$ (excluding original issue discount or premium, if any) in aggregate principal amount of revenue bonds in one or more series of its Taxable Revenue Bonds (Theory and Computing Center Building Trust), Series 2023 (the "Bonds" or the "Series 2023 Bonds") and loan the proceeds thereof to the Borrower in order to assist the Borrower in providing a portion of the funds necessary to do any or all of the following: (i) to repay in full the outstanding balance of a bridge loan for the benefit of the Borrower, the proceeds of which were used to defease and refund the Prior Bonds; (ii) to repay in whole or in part certain of the Borrower's outstanding lines of credit or loans associated with the Facility; (iii) to provide funds for capital improvements contemplated by the Borrower; (iv) to establish a debt service reserve fund for the Series 2023 Bonds, if deemed necessary and desirable; (v) to pay capitalized interest on the Series 2023 Bonds, if deemed necessary and desirable, and (vi) to pay certain expenses incurred in connection with the issuance of the Series 2023 Bonds, all as permitted by the Act (collectively, the "Financing Purposes"); and

Whereas, the Borrower leases the Facility to UChicago Argonne, LLC, an Illinois limited liability company, as lessee (the "Lessee") pursuant to two leases, the revenues from which will be assigned by the Borrower pursuant to a Leasehold Mortgage, Assignment of Leases and Rents, Security Agreement and Fixture Filing from the Borrower to the Trustee to secure the Series 2023 Bonds (the "Leasehold Mortgage"); and

Whereas, drafts of the following documents have been previously provided to and are on file with the Authority (collectively, the "Authority Documents"):
(a) an Indenture of Trust (the "Indenture") between the Authority and Computershare Trust Company, National Association (or other corporate trustee), as Trustee (the "Trustee"), providing for the issuance thereunder of the Series 2023 Bonds and setting forth the terms and provisions applicable to the Series 2023 Bonds, including securing the Series 2023 Bonds by an assignment thereunder to the Trustee of the Authority's right, title and interest to the Note (as hereinafter defined) and certain of the Authority's rights in and to the Loan Agreement (as hereinafter defined);
(b) a Loan Agreement (the "Loan Agreement") between the Authority and the Borrower, under which the Authority will loan the proceeds of the Series 2023 Bonds to the Borrower, all as more fully described in the Loan Agreement; and
(c) a Bond Purchase Agreement (the "Purchase Contract") among the Authority, the Borrower, and such firm or firms of municipal bond underwriters as may be approved by the Authority (with execution of the Purchase Contract constituting approval by the Authority) and the Borrower including, without limitation, Fifth Third Securities, Inc. (the "Underwriter"), as purchaser of the Series 2023 Bonds, providing for the sale by the Authority and the purchase by the Underwriter of the Series 2023 Bonds; and

Whereas, in connection with the issuance of the Series 2023 Bonds, the following additional documents may be executed and delivered by parties other than the Authority (collectively, the "Additional Transaction Documents"):
(d) the Promissory Note of the Borrower (the "Note") to the Authority, which will be assigned to and pledged to the Trustee as security for the Series 2023 Bonds, in an aggregate principal amount equal to the aggregate principal amount of the Series 2023 Bonds and with prepayment, maturity and interest rate provisions similar to the Series 2023 Bonds;
(e) the Leasehold Mortgage; and
(f) an Official Statement, substantially in the form of the draft Preliminary Official Statement (the "Official Statement") previously provided to and on file with the Authority, relating to the offering of the Series 2023 Bonds;

Now, Therefore, Be It Resolved by the members of the Illinois Finance Authority as follows:

Section 1. Findings. Based upon the representations of the Borrower, the Authority hereby makes the following findings and determinations with respect to the Borrower, the Series 2023 Bonds to be issued by the Authority, the Financing Purposes and the facilities to be financed or refinanced with the proceeds of the Series 2023 Bonds:
(a) The Borrower is a statutory trust organized under the laws of the State of Delaware and is qualified to do business in the State of Illinois;
(b) The Borrower has properly filed with the Authority its request for assistance in providing funds to the Borrower, the Series 2023 Bonds will be used for the Financing Purposes, and the facilities to be financed or refinanced with the proceeds of the Series 2023 Bonds will be owned and operated by the Borrower (those facilities are included within the term "project" as defined in the Act);
(c) The indebtedness to be refinanced, redeemed or defeased with the proceeds of the Series 2023 Bonds was issued for purposes which constitute valid purposes under the Act, all of the proceeds of such indebtedness made available to the Borrower were expended to pay, finance or refinance indebtedness the proceeds of which were expended to pay, a portion of the cost of a "project" (as defined in the Act) owned or operated by the Borrower, such financing or refinancing is in the public interest, and is permitted and authorized under the Act;
(d) The facilities to be financed or refinanced with the proceeds of the Series 2023 Bonds will aid, assist or encourage economic growth, development or redevelopment within the State of Illinois or any area thereof, will promote the expansion, retention or diversification of employment opportunities within the State of Illinois or any area thereof and/or will aid in stabilizing or developing industry and economic sectors of the State economy; and
(e) The Series 2023 Bonds are being issued for a valid purpose under and in accordance with the provisions of the Act.

Section 2. Bonds. In order to provide funds to carry out the Financing Purposes, the Authority hereby authorizes and approves the issuance at one time or from time to time of the Series 2023 Bonds, issued under and secured by and under the terms and provisions set forth in the Indenture in one or more series, in an aggregate principal amount not to exceed $\$ 120,000,000$, excluding original issue discount or premium, if any, the designations of which shall be approved by any of the Chairperson, Vice Chairperson, Executive Director, or General Counsel of the Authority (and, for purposes of this Resolution, any person duly appointed by the members to serve in such offices on an interim basis or otherwise authorized to act as provided by resolutions of the Authority) (each, an "Authorized Officer"); the form of Bonds now before the Authority, subject to appropriate insertions and revisions in order to comply with the provisions of the Indenture, be, and the same hereby is, approved, which such approval shall be evidenced by such

Authorized Officer's execution and delivery of the Indenture; the Series 2023 Bonds shall be issued only as fully registered bonds without coupons and be executed on behalf of the Authority by the manual or facsimile signature of the Chairperson, Vice Chairperson or Executive Director of the Authority (and, for purposes of this Resolution, any person duly appointed to any such office on an interim basis or otherwise authorized to act as provided by resolutions of the Authority) and attested with the manual or facsimile signature of the Secretary or any Assistant Secretary of the Authority, and may have the seal of the Authority impressed manually or printed by facsimile thereon; the Authorized Officer shall cause the Series 2023 Bonds of each series, as so executed and attested, to be delivered to the Trustee for authentication; and when the Series 2023 Bonds are executed on behalf of the Authority in the manner contemplated by this Resolution, they shall represent the approved form of Bonds of the Authority; provided that each series of Bonds shall bear interest at one or more fixed rates not to exceed a weighted average annual rate of $10 \%$ per annum, shall be payable over a term not exceeding forty (40) years from their date of issuance and shall be sold to the Underwriter at a purchase price of not less than $97 \%$ of the aggregate principal amount thereof (without regard to original issue premium or discount) and accrued interest, if any, to the date of delivery thereof.

The Authority hereby delegates to each Authorized Officer the power and duty to make final determinations as to the obligations to be refinanced, principal amounts, number of series or subseries of Bonds and any names or other designations therefor, dated date, interest rates, maturities, uses of proceeds, mandatory sinking fund redemption dates and amounts (if any) and optional and extraordinary redemption provisions for each series of Bonds and the purchase price and the Underwriter of the Series 2023 Bonds, all within the parameters set forth herein. The execution by an Authorized Officer of the Indenture pursuant to which each series of Bonds is issued shall constitute such Authorized Officer's approval and the Authority's approval of the final terms and provisions of such series of Bonds.

The Series 2023 Bonds of each series and the interest thereon shall be limited obligations of the Authority, payable solely from the income and revenues to be derived by the Authority pursuant to the Loan Agreement and Note (except as such income and revenues as may be derived by the Authority pursuant to Unassigned Rights as defined in the Indenture). The Series 2023 Bonds of each series and the interest thereon shall never constitute a general obligation or commitment by the Authority to expend any of its funds other than (i) the proceeds from the sale of such Bonds, (ii) the income and revenues derived by the Authority pursuant to the Loan Agreement and Note (except pursuant to Unassigned Rights), (iii) other amounts available under the Indenture and (iv) moneys arising out of the investment or reinvestment of such proceeds, income, revenues or receipts.

Section 3. Authority Documents. The Authority does hereby authorize and approve the execution (by manual or facsimile signature) by its Authorized Officer and the delivery and use, of one or more of the Authority Documents, in substantially the same form as the Authority Documents previously provided to and on file with the Authority; the Secretary or any Assistant Secretary of the Authority is hereby authorized to attest and to affix the official seal of the Authority to any Authority Document. The Authority Documents shall be substantially in the form previously provided to and on file with the Authority and hereby approved, or with such changes therein as shall be approved by the Authorized Officer of the Authority executing same, with such
execution to constitute conclusive evidence of such Authorized Officer's approval and the Authority's approval of any and all changes or revisions therein from such Authority Documents and to constitute conclusive evidence of such Authorized Officer's approval and the Authority's approval of the terms of the Series 2023 Bonds and the purchases thereof.

Section 4. Additional Transaction Documents. The Authority does hereby approve the execution and delivery of the Additional Transaction Documents. The Additional Transaction Documents shall be in substantially the forms previously provided to and on file with the Authority and hereby approved, with such changes therein as shall be approved by, or in such final forms as are approved by the Authorized Officer of the Authority executing the Indenture, with such execution to constitute conclusive evidence of such Authorized Officer's approval and the Authority's approval of the final forms of the Additional Transaction Documents or any changes or revisions therein from such forms of the Additional Transaction Documents.

Section 5. Distribution of the Preliminary Official Statement and Official Statement. The Authority does hereby approve the distribution of the Preliminary Official Statement and the Official Statement by the Underwriters in connection with the offering and sale of the Series 2023 Bonds. The Official Statement shall be substantially in the form of the draft Preliminary Official Statement provided to and on file with the Authority and hereby approved, or with such changes therein as shall be approved by the Authorized Officer of the Authority executing the Indenture, with such execution to constitute conclusive evidence of such Authorized Officer's approval and the Authority's approval of the final form of the Official Statement.

Section 6. Authorization and Ratification of Subsequent Acts. The members, officers, agents and employees of the Authority are hereby authorized and directed to do all such acts and things and to execute or accept all such documents (including, without limitation, the execution and delivery of one or more escrow agreements or other agreements providing for the refinancing of the lines of credit and bridge loans to the Borrower and any additional documents that may be necessary to provide for one or more additional series or subseries of Bonds and the acceptance of any continuing disclosure agreement of the Borrower pursuant to Rule 15c2-12 of the Securities Exchange Act of 1934, as amended) as may be necessary to carry out and comply with the provisions of these resolutions, the Authority Documents and the Additional Transaction Documents, and all of the acts and doings of the members, officers, agents and employees of the Authority which are in conformity with the intent and purposes of these resolutions and within the parameters set forth herein, whether heretofore or hereafter taken or done, shall be and are hereby authorized, ratified, confirmed and approved. Unless otherwise provided therein, wherever in the Authority Documents or any other document executed pursuant hereto it is provided that an action shall be taken by the Authority, such action shall be taken by an Authorized Officer of the Authority, or in the event of the unavailability, inability or refusal of an Authorized Officer, any two members of the Authority, each of whom is hereby authorized, empowered, and delegated the power and duty and directed to take such action on behalf of the Authority, all within the parameters set forth herein and in the Indentures

Section 7. Severability. The provisions of this Resolution are hereby declared to be separable, and if any section, phrase or provision hereof shall for any reason be declared to be invalid, such declaration shall not affect the validity of the remainder of the sections, phrases and provisions of this Resolution.

Section 8. Conflict. All resolutions and orders, or parts thereof, in conflict herewith are hereby superseded to the extent of such conflict.

Section 9. Effective Date. This Resolution shall be in full force and effect immediately upon its passage, as by law provided.

Approved and effective this 11th day of July, 2023.

## RESOLUTION NO. 2023-0711-CF02

## RESOLUTION AUTHORIZING THE ISSUANCE OF NOT TO EXCEED \$65,000,000 IN AGGREGATE PRINCIPAL AMOUNT OF ILLINOIS FINANCE AUTHORITY REVENUE BONDS CONSISTING OF ONE OR MORE SERIES OF REVENUE BONDS (CLARK-LINDSEY), SERIES 2023, THE PROCEEDS OF WHICH ARE TO BE LOANED TO CLARK-LINDSEY VILLAGE, INC. AND CLARK-LINDSEY HOLDINGS, INC.

WHEREAS, the ILLINOIS FINANCE AUTHORITY (the "Authority") has been created by the Illinois Finance Authority Act, 20 ILCS 3501-801-1, et seq., as amended (the "Act"); and

WHEREAS, CLARK-LINDSEY VILLAGE, INC. and CLARK-LINDSEY HOLDINGS, INC. (together, the "Corporations"), each an Illinois not-for-profit corporation, have requested that the Authority issue not to exceed $\$ 65,000,000$ (excluding original issue discount or premium, if any) in aggregate principal amount of revenue bonds consisting of one or more series and subseries (the "Series 2023 Bonds"), presently anticipated to be designated Series 2023A Bonds, Series 2023B Bonds and Series 2023C Bonds, and loan the proceeds thereof to the Corporations in order to assist the Corporations in providing a portion of the funds necessary to do any or all of the following: (a) pay or reimburse the Corporations for the acquisition, construction, renovation, remodeling, furnishing and equipping of certain facilities located at the Corporations' continuing care retirement community known as Clark-Lindsey Village in Urbana, Illinois (the "Project"), (b) pay a portion of the interest on the Series 2023 Bonds, if deemed necessary or desirable by the Authority and the Corporations, (c) establish a debt service reserve fund for the benefit of the Series 2023 Bonds, if deemed necessary or desirable by the Authority and the Corporations, and (d) pay certain expenses incurred in connection with the issuance of the Series 2023 Bonds, all as permitted by the Act (collectively, the "Financing Purposes"); and

WHEREAS, drafts of the following documents have been previously provided to and are on file with the Authority (collectively and together with a Tax Compliance Agreement (the "Tax Agreement") among the Authority, the Corporations and the Bond Trustee (as hereinafter defined), with respect to the Series 2023 Bonds, the "Authority Documents"):
(a) a Bond Trust Indenture (the "Bond Indenture") between the Authority and UMB Bank, National Association, as bond trustee (the "Bond Trustee"), providing for the issuance thereunder of the Series 2023 Bonds and setting forth the terms and provisions applicable to the Series 2023 Bonds, including securing the Series 2023 Bonds by an assignment thereunder to the Bond Trustee of the Authority's right, title and interest in and to the Series 2023 Master Notes (as hereinafter defined) and certain of the Authority's rights in and to the Loan Agreement (as hereinafter defined);
(b) a Loan Agreement (the "Loan Agreement") between the Authority and the Corporations, under which the Authority will loan the proceeds of the Series 2023 Bonds to the Corporations, all as more fully described in the Loan Agreement; and
(c) a Bond Purchase Agreement (the "Bond Purchase Agreement") among the Authority, the Corporations and Herbert J. Sims \& Co. Inc. (the "Underwriter"), as purchaser of
the Series 2023 Bonds, providing for the sale by the Authority and the purchase by the Underwriter of the Series 2023 Bonds; and

WHEREAS, in connection with the issuance of the Series 2023 Bonds, the following additional documents may be executed and delivered by parties other than the Authority (collectively, the "Additional Transaction Documents"):
(a) a Supplemental Master Trust Indenture No. 3, among the Corporations and The Bank of New York Mellon Trust Company, N.A., as master trustee (the "Master Trustee"), providing for, among other things, the issuance thereunder of the Series 2023 Master Notes (as hereinafter defined);
(b) for each series of the Series 2023 Bonds, one or more Master Indenture Notes (Clark-Lindsey), Series 2023 with such further designations as made by the Corporations (each a "Series 2023 Master Note" and collectively, the "Series 2023 Master Notes"), which will be pledged as security for the Series 2023 Bonds, which Series 2023 Master Notes will be assigned by the Authority to the Bond Trustee, with prepayment, maturity and interest rate provisions similar to the Series 2023 Bonds;
(c) an Offering Memorandum (the "Offering Memorandum") relating to the offering of the Series 2023 Bonds substantially in the form as was previously provided to and on file with the Authority;
(d) a Continuing Covenants Agreement (the "Continuing Covenants Agreement"), among the Corporations and the Bond Trustee setting forth certain terms, covenants and conditions relating to the purchase of the Series 2023 Bonds; and
(e) a Master Indenture Note (Clark-Lindsey), Series 2023 with such further designations as made by the Corporations, which will be issued to secure the obligations of the Corporations under the Continuing Covenants Agreement.

WHEREAS, the Authority has adopted a policy requiring that non-rated bonds or bonds rated below investment grade be sold only to "accredited investors" or "qualified institutional buyers" (as such terms are defined by the Securities and Exchange Commission) in minimum denominations of at least $\$ 100,000$, unless a borrower has requested and obtained a waiver of such policy from the Authority, which waivers are subject to the satisfaction of certain conditions set forth in the policy; and

WHEREAS, the Corporations have informed the Authority that the Series 2023 Bonds (a) will be initially offered only to investors advised by Hamlin Capital Management, LLC, a Delaware limited liability company ("Hamlin"), as non-rated bonds in minimum denominations of $\$ 5,000$, and (b) may be subsequently transferred to (i) investors advised by Hamlin in minimum denominations of $\$ 5,000$ and (ii) all other investors as non-rated bonds in minimum denominations of $\$ 250,000$ and integral multiples of $\$ 5,000$ in excess thereof; and

WHEREAS, the Corporations have requested that the Authority waive its policy regarding the issuance of non-rated bonds with respect to the Series 2023 Bonds and has informed the Authority that the Corporations will satisfy the conditions for such a waiver because the Corporations (a) are not currently in default on any bonds, (b) have not missed a payment relative to any bonds in the immediately preceding three years, and (c) have issued, in the immediately preceding seven (7) years, at least two (2) series of
bonds that were nonrated or rated below investment grade, in an aggregate total of not less than $\$ 40,000,000$.

NOW, THEREFORE, BE IT RESOLVED by the Members of the Illinois Finance Authority as follows:

Section 1. Findings. Based upon the representations of the Corporations, the Authority hereby makes the following findings and determinations with respect to the Corporations, the Series 2023 Bonds to be issued by the Authority and the facilities financed with the proceeds of the Series 2023 Bonds:
(a) Each Corporation is a not-for-profit corporation organized under the laws of the State of Illinois and is qualified to do business in the State of Illinois;
(b) Each Corporation is a "participating health institution" (as defined in the Act) and owns or operates a continuing care retirement community in Urbana, Illinois;
(c) The Corporations have properly filed with the Authority their request for assistance in providing funds to the Corporations and the funds will be used for the Financing Purposes, and the facilities financed with the proceeds of the Series 2023 Bonds will be owned and operated by the Corporations and such facilities are included within the term "project" as defined in the Act;
(d) The facilities to be financed with the proceeds of the Series 2023 Bonds do not include any institution, place or building used or to be used primarily for sectarian instruction or study or as a place for devotional activities or religious worship; and
(e) The Series 2023 Bonds are being issued for a valid purpose under and in accordance with the provisions of the Act.

Section 2. Series 2023 Bonds. In order to obtain the funds to loan to the Corporations to be used for the purposes aforesaid, the Authority hereby authorizes the issuance of the Series 2023 Bonds. The Series 2023 Bonds shall be issued under and secured by and shall have the terms and provisions set forth in the Bond Indenture in an aggregate principal amount not exceeding $\$ 65,000,000$, excluding original issue discount or premium, if any. The Series 2023 Bonds may be issued in one or more series, of which any such series may be issued in two or more subseries, with such additional series or subseries designated in such manner as approved by the Chairperson, Vice Chairperson, Executive Director, or General Counsel of the Authority or any person duly appointed by the Members to serve in such offices on an interim basis (each an "Authorized Officer"), which approval shall be evidenced by such Authorized Officer's execution and delivery of the Bond Indenture.

The Series 2023 Bonds shall mature not later than 40 years from the date of their issuance, may be subject to serial maturities or mandatory bond sinking fund redemption as provided in the Bond Indenture and shall bear interest at stated rates not exceeding $10 \%$ per annum (except during an Event of Default (as such term is defined in the Bond Indenture)). The Series 2023 Bonds shall be subject to optional, extraordinary, mandatory and special redemption, and purchase in lieu of redemption, and be payable all as set forth in the Bond Indenture.

The Series 2023 Bonds shall be issued only as fully registered bonds without coupons. The Series 2023 Bonds shall be executed on behalf of the Authority by the manual or facsimile signature of its Chairperson, Vice Chairperson, or its Executive Director (and for purposes of this Resolution, any person duly appointed to any such office on an acting or interim basis or otherwise authorized to act as provided by resolutions of the Authority) and attested by the manual or facsimile signature of its Executive Director,

Secretary or any Assistant Secretary, or any person duly appointed by the Members of the Authority to serve in such office on an interim basis, and may have the corporate seal of the Authority impressed manually or printed by facsimile thereon.

The Series 2023 Bonds shall be issued and sold by the Authority and purchased by the Underwriter at a purchase price of not less than $98 \%$ of the principal amount of such Series 2023 Bonds, excluding any original issue discount or premium, if any, plus accrued interest, if any. The Underwriter shall receive total underwriting compensation with respect to the sale of such Series 2023 Bonds, including underwriting discount, not in excess of $2 \%$ of the principal amount of such Series 2023 Bonds, excluding original issue discount or premium, if any, in connection with the sale of such Series 2023 Bonds.

The Series 2023 Bonds and the interest thereon shall be limited obligations of the Authority, payable solely from the income and revenues to be derived by the Authority pursuant to the Loan Agreement (except such income and revenues as may be derived by the Authority pursuant to the Unassigned Issuer Rights (as defined in the Bond Indenture)). The Series 2023 Bonds and the interest thereon shall never constitute a general obligation or commitment by the Authority to expend any of its funds other than (i) proceeds of the sale of the Series 2023 Bonds, (ii) the income and revenues derived by the Authority pursuant to the Loan Agreement and the Series 2023 Master Notes and other amounts available under the Bond Indenture and (iii) any money arising out of the investment or reinvestment of said proceeds, income, revenue or receipts.

The Authority hereby delegates to the Chairperson or the Executive Director of the Authority or any other Authorized Officer (as hereinafter defined), the power and duty to make final determinations as to the principal amount, number of series or subseries of Series 2023 Bonds and any names or other designations therefor, dated date, maturities, purchase price, any mandatory sinking fund redemption dates and amounts, optional, extraordinary, and mandatory redemption and purchase in lieu of redemption provisions, the underwriter or purchaser of the Series 2023 Bonds, and the interest rates of each series and subseries of the Series 2023 Bonds, all within the parameters set forth herein.

Section 3. Authority Documents. The Authority does hereby authorize and approve the execution (by manual or facsimile signature) by an Authorized Officer, and the delivery and use, of the Authority Documents. The Secretary or any Assistant Secretary of the Authority is hereby authorized to attest and to affix the official seal of the Authority to any Authority Document. The Authority Documents shall be substantially in the forms previously provided to and on file with the Authority and hereby approved, or with such changes therein as shall be approved by the Authorized Officer of the Authority executing the same, with such execution to constitute conclusive evidence of such Authorized Officer's approval and the Authority's approval of any changes or revisions therein from such forms of the Authority Documents and to constitute conclusive evidence of such Authorized Officer's approval and the Authority's approval of the terms of the Series 2023 Bonds and the purchase thereof.

Section 4. Additional Transaction Documents. The Authority does hereby approve the execution and delivery of the Additional Transaction Documents. The Additional Transaction Documents shall be in such final forms as are approved by, the Authorized Officer of the Authority executing the Bond Indenture, with such execution to constitute conclusive evidence of such Authorized Officer's approval and the Authority's approval of the final forms of the Additional Transaction Documents or any changes or revisions therein from such forms of the Additional Transaction Documents.

Section 5. Distribution of the Offering Memorandum. The Authority does hereby approve the distribution of the Offering Memorandum, including any supplements and amendments thereto, by the Underwriter in connection with the offering and sale of the Series 2023 Bonds. The Offering Memorandum shall be substantially in the form of the draft Offering Memorandum provided to and on file with the

Authority and hereby approved, or with such changes therein as shall be approved by the Authorized Officer of the Authority executing the Bond Indenture, with such execution to constitute conclusive evidence of such Authorized Officer's approval and the Authority's approval of the final form of the Offering Memorandum. Any supplement or amendment to the Offering Memorandum shall be approved by an Authorized Officer of the Authority.

Section 6. Waiver of Credit Rating Policy for the Series 2023 Bonds. The Authority, based on the information provided by the Corporations, hereby grants a waiver of its policy regarding the issuance of non-rated bonds or bonds rated below investment grade and authorizes the Series 2023 Bonds to be (a) initially offered only to investors advised by Hamlin as non-rated bonds in minimum denominations of $\$ 5,000$, and (b) subsequently transferred to (i) investors advised by Hamlin in minimum denominations of $\$ 5,000$ and (ii) all other investors as non-rated bonds in minimum denominations of $\$ 250,000$ and integral multiples of $\$ 5,000$ in excess thereof. The Corporations will satisfy the conditions for such a waiver because the Corporations (A) are not currently in default on any bonds, (B) have not missed a payment date relative to any bonds in the immediately preceding three (3) years, and (C) have issued, in the immediately preceding seven (7) years, at least two (2) series of bonds that were nonrated or rated below investment grade, in an aggregate total of not less than $\$ 40,000,000$.

Section 7. Authorization and Ratification of Subsequent Acts. The Members, officers, agents and employees of the Authority are hereby authorized and directed to do all such acts and things and to execute or accept all such documents (including, without limitation, the execution and delivery of one or more tax exemption agreements, supplemental bond indentures, escrow agreements or other agreements providing for the payment of the Series 2023 Bonds and any additional documents that may be necessary to provide for one or more additional series or subseries of Series 2023 Bonds and the acceptance of any continuing disclosure agreement of the Corporations pursuant to Rule 15c2-12 of the Securities Exchange Act of 1934, as amended) as may be necessary to carry out and comply with the provisions of these resolutions, the Authority Documents and the Additional Transaction Documents, and all of the acts and doings of the Members, officers, agents and employees of the Authority which are in conformity with the intent and purposes of these resolutions and within the parameters set forth herein, whether heretofore or hereafter taken or done, shall be and are hereby authorized, ratified, confirmed and approved. Unless otherwise provided therein, wherever in the Authority Documents or any other document executed pursuant hereto it is provided that an action shall be taken by the Authority, such action shall be taken by an Authorized Officer of the Authority, or in the event of the unavailability, inability or refusal of an Authorized Officer, any two Members of the Authority, each of whom is hereby authorized, empowered, and delegated the power and duty and directed to take such action on behalf of the Authority, all within the parameters set forth herein and in the Bond Indenture.

Section 8. Severability. The provisions of this Resolution are hereby declared to be separable, and if any section, phrase or provision hereof shall for any reason be declared to be invalid, such declaration shall not affect the validity of the remainder of the sections, phrases and provisions of this Resolution.

Section 9. Conflicts. All resolutions and orders, or parts thereof, in conflict herewith are hereby superseded to the extent of such conflict.

Section 10. Effectiveness. This Resolution shall be in full force and effect immediately upon its passage, as by law provided.

## IFA RESOLUTION 2023-0711-EX03

## RESOLUTION FOR THE ELECTION OF A VICE CHAIR OF THE ILLINOIS FINANCE AUTHORITY

WHEREAS, the Illinois Finance Authority, a body politic and corporate duly organized and validly existing under and by virtue of the laws of the State of Illinois ("the Authority") was created by the Illinois Finance Authority Act, 20 ILCS 3501/801-1 et seq., as amended from time to time (the "Act"); and

WHEREAS, in accordance with Section 801-30 of the Act, the Authority is provided with "all of the powers as a body corporate necessary and convenient to accomplish the purposes of the Act," including, and without limitation, the power to adopt resolutions and bylaws (20 ILCS 3501/801-30(e)); and

WHEREAS, Article III, Section 2 of the By-Laws of the Authority provides that "[a]t the direction of the Authority, a Vice Chairperson ... shall be elected by the Authority from among its Members for a term expiring on the date of the next annual meeting following such election and if so elected he or she shall preside at meetings of the Authority and perform all duties incumbent upon the Chairperson during the absence or disability of the Chairperson"; and

WHEREAS, the term of the Vice Chair of the Authority, Roxanne Nava, expires today July 11, 2023, and the Members of the Authority desire to elect a Vice Chair to ensure, among other reasons, that bonds of the Authority are duly executed; and

WHEREAS, the Members of the Authority find it in its best interest to elect $\qquad$ as the duly appointed Vice Chair of the Authority; and

NOW, THEREFORE, BE IT RESOLVED by the Members of the Illinois Finance Authority as follows:

Section 1. Recitals. The recitals set forth above are found to be true and correct and are incorporated into this Resolution as if fully set forth herein.

Section 2. Election of Vice Chair. The Members of the Authority elect $\qquad$ to the Office of Vice Chair of the Authority in accordance with the terms of the By-Laws. The Members of the Authority hereby authorize and grant to the Vice Chair all rights, powers, duties and responsibilities of the Office of Vice Chair, including the power to preside at meetings of the Authority and to perform all duties incumbent upon the Chair during the absence or disability of the Chair as provided in Article III, Section 2 of the By-Laws, and which may include, without limitation, in the absence or disability of the Chair, the powers set forth in Article III, Section 1; Article IV, Sections 1, 3, 4, 5 and 6; and Article VI, Sections 5 and 6 of the By-Laws as well as those powers provided in Sections 801-15, 801-40(w), 825-40, 825-75, and 845-40 of the Act, and any other powers that may be necessary and appropriate to the performance of the Office of Vice Chair that are authorized by the Act, the By-Laws and any pending bond resolutions of the Authority.

Section 3. Implementation. The Authority hereby authorizes, empowers and directs the Executive Director of the Authority, or his designee(s), to take or cause to be taken any and all such other and further actions, and to execute, acknowledge and deliver any and all such agreements, instruments, certificates and other documents, and to pay all such fees and expenses, as he may deem necessary, appropriate or advisable in order to carry out the purpose and intent of this Resolution.

Section 4. Severability. If any section, paragraph or provision of this Resolution shall be held to
be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of this Resolution.

Section 5. Enactment. This Resolution shall take effect immediately.
This Resolution No. 2023-0711-EX03 is approved this 11th day of July, 2023 by roll call vote as follows:

# RESOLUTION AUTHORIZING THE EXECUTIVE DIRECTOR TO PROCEED WITH A REQUEST FOR INFORMATION FROM FINANCIAL FIRMS ON THE SENIOR MANAGER APPROVED LIST FOR THE ILLINOIS CLEAN WATER INITIATIVE/STATE REVOLVING FUND RELATING TO FUTURE BOND ISSUANCES UNDER THE STATE REVOLVING FUND PROGRAM, AND OTHER MATTERS RELATED THERETO 

WHEREAS, the Illinois Finance Authority (the "Authority") has been created by, and exists under, the Illinois Finance Authority Act (20 ILCS 3501/801-1 et seq.) (the "Act");

WHEREAS, on May 10, 2022, the Authority passed Resolution No. 2022-0510-DA13 pursuant to which the Authority approved the terms of renewal contracts for vendors the Authority may utilize for various underwriting services in connection with the Illinois Clean Water Initiative/State Revolving Fund (the "SRF");

WHEREAS, such vendors were initially selected pursuant to the State of Illinois Request for Qualifications, Illinois Finance Authority, State of Illinois Clean Water Initiative/State Revolving Fund Underwriting Services (IPB \#22040626) dated April 1, 2017 (the "RFQ") and in accordance with the RFQ certain vendors were qualified to serve as senior managing underwriters by selection to the Senior Manager Approved List as shown on Exhibit A;

WHEREAS, as a matter of contract administration, the Authority reserved the right in the RFQ to ask for additional information from its underwriters in connection with future SRF issuances and may select financial firms from the Senior Manager Approved List to act as senior managing underwriters for one or more future issuances based on its review and evaluation of information provided; and

Now, Therefore, Be It Resolved by the Members of the Illinois Finance Authority, as follows:

Section 1. Recitals. The recitals set forth above are hereby found to be true and correct and are incorporated into this Resolution as if fully set forth herein.

Section 2. Authority to Request Information. The Authority hereby authorizes the Executive Director of the Authority to, at his discretion, take or cause to be taken any and all actions, that are necessary to develop and provide a request for information to the vendors on the Senior Manager Approved List.

Section 3. Further Actions. The Executive Director is hereby authorized, empowered and directed to do all such acts and things and to execute, acknowledge and deliver all documents as may in his discretion be deemed necessary or desirable to carry out and comply with the terms and provisions of this Resolution; and all of the acts and doings of the Executive Director of the

Authority which are in conformity with the intent and purposes of this Resolution, whether heretofore or hereafter taken or done, shall be and the same are hereby in all respects, ratified, confirmed and approved. All prior and future acts and doing of the officers, agents and employees of the Authority that are in conformity with the purposes and intent of this Resolution and in furtherance of the execution and performance of the Resolution shall be and the same hereby are in all respects approved and confirmed.

Section 4. Severability. If any section, paragraph or provision of this Resolution shall be held to be invalid or unenforceable for any reason, the invalidity or unenforceability of such section, paragraph or provision shall not affect any of the remaining provisions of the Resolution.

Section 5. Conflicts. All resolutions and orders, or parts thereof, in conflict herewith are hereby superseded to the extent of such conflict.

Section 6. Immediate Effect. This Resolution shall be in full force and effect immediately upon its passage, as by law provided.

This Resolution No. 2023-0711-AP04 is approved and effective this 11th day of July, 2023 by roll call vote as follows:

[REMAINDER OF PAGE IS INTENTIONALLY BLANK]

Originally Approved: November 10, 2022
Updated: February 14, 2023, June 13, 2023, and July 11, 2023
Brief Background: As noted in the Climate Bank Standing Report, considering the rapidly expanding field of potential federal funding opportunities connected with the Authority's statutory designation as the Climate Bank of the State of Illinois, on November 10, 2022, the Authority adopted Resolution No. 2022-1110-EX16 (Climate Bank Plan Resolution). Due to the timing and complexity of these potential federal funding opportunities, it may not be practical or feasible for the Authority Members to meet in a timely manner to obtain the necessary approvals, allocate resources, and authorize spending to compete for these potential federal funding opportunities. Accordingly, the Executive Director will continue to work jointly with the Chair, in close consultation with the Administration, on each of the items and will report back to the Members for consideration, affirmation, modification, or disapproval of these modifications to the Climate Bank Plan consistent with the Climate Bank Plan Resolution. The Executive Director asks the Members to affirm the below addition to Climate Bank Plan last Modified and Updated on February 14, 2023, which shall be incorporated entirely by reference:

Modifications to the Climate Bank Plan are bold and underlined below.

1. On June 28, 2023, the United States Environmental Protection Agency (USEPA) released its the competitive Notice of Funding (NOFO) for the $\$ 7$ Billion Solar for All opportunity under the Greenhouse Gas Reduction Fund (GGRF Solar for All). A mandatory Letter of Intent (LOI) due on July 31, 2023, and an application is due Sept 26, 2023. The Notification of Selection - 60 nationally - is expected March 2024 with Anticipated Awards in July 2024. With the approval of the Governor's Office, the Authority intends to file the LOI with USEPA by July 31, 2023. This plan modification will allow the Authority to file the LOI and to enter into partnerships or agreements with colleague State agencies such as the Illinois Housing Development Authority (IHDA), the Illinois Power Agency (IPA), and other parties which may be necessary to enhance the competitive position of the State/Authority application for the USEPA GGRF Solar for All competitive funding opportunity.
2. For continued Climate Bank capacity and expertise, the small purchase contract with the Accelerate Group (Andrew Barbeau) and its subcontractors (Lerry Knox/Unplugged Capital and Known) was extended for 12 months, beginning on July 1, 2023, with a not to exceed amount of $\$ 100,000$. The Accelerate Group has played a unique and essential role in the development and filing of applications/documentation for more than $\$ 200$ million in formula and competitive federal funding opportunities as well as the overall development of the Climate Bank. Within the State procurement regulatory process, the Authority anticipates that these contractual relationships will continue to evolve with respect to scope and cost to ensure the availability of expertise and capacity to the Authority for obtaining and deploying the unprecedented, time-sensitive, and one-time federal
funding opportunities available to the Authority and the State of Illinois for Climate Bank purposes. This amount is provided for in the FY 2024 Authority budget.
3. The Intergovernmental Agreement dated February 6, 2023 (approved by the Authority on December 13, 2023), between the Illinois Department of Commerce and Economic Opportunity (DCEO), the Illinois Finance Authority, the Illinois Environmental Protection Agency (IEPA), and the Board of Trustees of the University of Illinois (IGA) was amended (Amendment 1) to extend for 12-months until June 30, 2024 for additional vendor expertise and State strategy with respect to climate, economic development, and federal funding matters. The IGA demonstrates the deepening of the partnership with DCEO and IEPA on economic development and Climate Bank matters. The current Authority commitment through the IGA is $\mathbf{\$ 1 0 0 , 0 0 0}$ although this figure may increase. The IGA, as amended, is attached. This amount is provided for in the FY 2024 Authority Budget.
4. On February 8, 2022, Authority Resolution No. 2022-0208-DA07, authorized the Executive Director to take actions to apply to DCEO for a sub-allocation of the United States Treasury Small Business Credit Initiative (UST SSBCI). On June 28, 2023, the grant agreement between the Authority and DCEO was fully executed. DCEO has issued a working capital advance $\$ 3.035$ million to arrive within the next thirty days. Matters related to USTSSBCI are incorporated into the Climate Bank Plan by this reference. Administrative costs related to USTSSBCI and funded by the DCEO USTSSBCI grant are provided for in the FY 2024 Authority Budget.

## Modification.

Consistent with the corresponding Climate Bank Resolution being adopted with the Plan, the Chair and the Executive Director are hereby authorized to modify the Climate Bank Plan from time to time to conform to the requirements of, or guidance from, any entity with authority over the Climate Bank Plan programs, including, but not limited to, the Governor of Illinois, the Federal Government, and as otherwise appropriate to facilitate the operation of the Climate Bank and action of participants in the Climate Bank Plan's programs. Any substantive changes to the Climate Bank Plan shall be made by the Executive Director in consultation with the Chair of the Authority, and then promptly reported to the Authority Members which may affirm, modify, or disapprove of the changes. The changes shall, however, remain in full force and effect until such time as the Members act, unless otherwise required by law.

Attachment - IGA Amendment 1

## AMENDMENT \#1 TO <br> INTERGOVERNMENTAL AGREEMENT BETWEEN THE DEPARTMENT OF COMMERCE AND ECONOMIC OPPORTUNITY, THE ILLINOIS FINANCE AUTHORITY, THE ILLINOIS ENVIRONMENTAL PROTECTION AGENCY, AND THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS

The Illinois Department of Commerce and Economic Opportunity ("DCEO"), the Illinois Finance Authority ("IFA"), the Illinois Environmental Protection Agency ("EPA"), and The Board of Trustees of the University of Illinois ("University") (collectively, the "Parties") entered into an Intergovernmental Agreement dated February 6, 2023 in which the University agreed to provide analysis and forecasting assistance to DCEO, IFA and EPA (the "Agreement").All parties are "public agencies" of the State and this Amendment is made pursuant to the Intergovernmental Cooperation Act (5 ILCS 220/1 et seq.). The Parties hereby agree to this Amendment 1 to the Agreement, which is set forth in its entirety as follows:

1. Term Extension. Paragraph 6 of the Agreement is hereby amended by extending the expiration date from June 30, 2023 to June 30, 2024.
2. Appendix A Revisions. Appendix $\mathbf{A}$ is modified as provided on the attached revised Appendix A.
3. All other terms and conditions of the Agreement will remain in full force and effect.

IN WITNESS WHEREOF, the Parties have hereunto caused this Amendment to be executed by their duly authorized representatives.

## APPENDIX A SCOPE OF WORK

The purpose of this Agreement is for the Board of Trustees of the University of Illinois, as host of IIN, to assist DCEO, IFA and EPA by providing analysis and forecasting assistance to reach Governor JB Pritzker's goal of one million electric vehicles on the road in Illinois by 2030 (1MEV).

The State of Illinois has taken trailblazing action to accelerate EV manufacturing growth and an economy that runs on $100 \%$ clean energy by 2050.

Illinois has built foundational assets so that the electric mobility sector and the EV ecosystem will grow and thrive in Illinois, including the Revitalizing Electric Vehicles in Illinois (REV Illinois) Act, Manufacturing Illinois Chips for Real Opportunity (MICRO) Act, and the Climate and Equitable Jobs Act (CEJA).

## TASK 1:

Work with the State of Illinois to develop an aggressive, tactical, multi-faceted, six-month strategy to attract electric vehicle and chips manufacturing companies

TIMELINE: January 2023 - April 2023 (4 months)
BUDGET: Not to exceed $\$ 400,000$

## RESPONSIBLE PAYOR: DCEO

## SUBTASK 1: Data Gathering

- Identify peer states who are Illinois' top competitors in EV and semiconductor sectors
- Provide analysis of Illinois' incentives and programs compared to other states and recommend improvements to increase our competitiveness
- Provide a cluster analysis of announced manufacturing plants in the U.S. in EV and semiconductor sectors
- Provide analysis of site selector requirements for EV and chips manufacturers
- Provide analysis of Illinois' megasites offerings compared to other states and in relation to site selection needs, including best practices for site readiness and identification of additional sites

## SUBTASK 2: Building Out A Prospect List

- Identify Illinois' top ten prospects in the EV battery manufacturing space looking to make a U.S. investment and point of contact
- Identify other large manufacturing projects in the site selection stage in EV and semiconductor sectors that are considering locations in the United States and point of contact
- Provide recommendations to prioritize Illinois' overall efforts in EV and semiconductor sectors with industry value chains on basis of economic impact and right to win
- Provide analysis of, and recommend best practices for, our site selection approach and pitch
- Review other states' business development structures and identify best practices improvements to make Illinois more aggressive and holistic in its approach, including tax credit programs, management structures, etc.
- Recommend strategies for Illinois to matchmake between OEM and supply chain companies and R\&D opportunities

SUBTASK 3: Marketing Assets \& Outreach

- Identify Illinois' competitive advantage for electric vehicle and chip manufacturers
- Review marketing materials and campaigns to provide recommendations to improve Illinois' story
- Design related pitch deck, one-sheet templates and conference assets
- Identify priority EV industry convenings, conferences and networking opportunities for maximum ROI
- Support development and design an industry networking event that highlights Illinois' strengths and ecosystem
- Recommend how Illinois' goalposts of diversity and sustainability can be more effectively leveraged as part of Illinois' story of differentiation

TASK 2: Assist Illinois to apply for competitive federal opportunities from the Inflation Reduction Act, CHIPs Act, Infrastructure Investment and Jobs Act and other emerging federal funding related to Governor Pritzker's goal to achieve one million electric vehicles on the road by 2030

TIMELINE: July 1, 2023 - June 30, 2024
BUDGET: Not to exceed \$1,260,000
RESPONSIBLE PAYOR: IFA and DCEO
SUBTASK 1: Assist designated State entities in developing an effective application to USEPA for the Inflation Reduction Act (IRA) Sec. 134 Greenhouse Gas Reduction Fund (GGRF)

SUBTASK 2: Identify Other Federal Opportunities

- Identify and prioritize all relevant, current and future federal funding opportunities to better leverage Illinois' assets in growing the EV and semiconductor sectors
- Recommend how Illinois can best utilize the USDOE Loan Program Office (LPO) to advance goals.
- Identify appropriate individuals with a cross-section of industry knowledge and prior related experiences including industry, local/regional governments, educational institutions, and additional anchor organizations
- Convene a working group of these individuals to assist in Illinois' application development strategy
- Develop strategy to project manage application development, as well as to monitor progress and impact

## SUBTASK 4: Market Stacked Opportunities

- Identify and track federal credits, rebates, and incentives
- Assess how they stack with Illinois programs from an industry perspective
- Develop Illinois briefs and marketing materials for each federal credit or rebate related to the EV industry for distribution to staff and to state EV website

## TASK 3:

Review Illinois' retention and expansion strategy in the supply chain for the EV and semiconductor sectors

TIMELINE: February 2023 - May 2023 (4 months)
BUDGET: Not to exceed $\$ 250,000$
RESPONSIBLE PAYOR: DCEO
SUBTASK 1: Existing EV Original Equipment Manufacturers (OEM)
Support and Deliverables:

- Identify what OEMs in EV and semiconductor sectors require to build out their ecosystems and make recommendations for how Illinois can better assist them

SUBTASK 2: Existing ICE Companies that Will Ultimately Need to Pivot to EV Support and Deliverables:

- Provide further analysis of Illinois Manufacturing Excellence Center (IMEC) data for companies at greatest risk in the transition to a clean economy
- Develop a retention and expansion strategy for current automotive supply chain companies and the ways in which to assist a transition to new manufacturing sectors
- Convene stakeholders including EDOs and organizations like IMEC, IMA and P33 to map out outreach and services

TASK 4: Review existing workforce efforts across Illinois state agencies and recommend best practices to successfully develop public-private workforce ecosystems to ensure Day 1 ready
talent and upskilling/reskilling solutions at-scale, while concurrently building a more diverse and inclusive talent pipeline

TIMELINE: July 1, 2023 - June 30, 2024
BUDGET: Not to exceed \$150,000
RESPONSIBLE PAYOR: DCEO
SUBTASK 1: Workforce programs in relation to EV/Semiconductors Support and Deliverables:

- Analyze current Illinois state agency workforce development programs in relation to EV and semiconductor sectors, including LWIAs, CEJA Hubs, Apprenticeship Programs, IDOT Apprenticeships, etc.
- Identify any gaps from the industry's perspective
- Make recommendations regarding how state programs can best serve the industry and potential applicants

SUBTASK 2: Analyze engineering and technology pool
Support and Deliverables:

- Assess Illinois universities' engineering and technology programs and determine whether their programs provide the necessary engineering degrees for industries in EV and semiconductor sectors

## SUBTASK 3: Workforce Marketing Assets \& Outreach

Support and Deliverables:

- Review Illinois' collateral material for workforce training in the advanced manufacturing sectors
- Provide recommendations for messaging and targeting
- Develop a series of drop-in marketing ads that can be used interchangeably for digital or print by any approved workforce partner

TASK 5: Develop an "EV Roadmap" which outlines a comprehensive strategy for accelerating the deployment of EVs to achieve the goal of one million passenger EVs in Illinois by 2030. In addition, the EV Roadmap should also recommend a strategy and timeline to adopt a zero emission pathway for medium- and heavy-duty vehicles in Illinois. The EV Roadmap should focus on several key areas, including the transitioning of public and private fleets and medium and heavy-duty vehicles to EVs; making the consumer charging experience more consistent; and exploring opportunities for pilot programs with local innovators in the EV field. The Roadmap must provide detailed recommendations and strategies with implementation timelines. Recommendation should be incremental to current work.

TIMELINE: January 2023 - April 2023 (4 months)

## RESPONSIBLE PAYOR: IFA

## SUBTASK 1: Recommend action areas to support Zero-Emission Vehicle Adoption in Illinois Support and Deliverables:

- Propose interim goals and major milestones for 1 million EVs in Illinois by 2030
- Propose pragmatic goal for medium-heavy duty electric vehicles
- Identify EV market trends and provide insights around adoption curves
- Provide insights around manufacturing capacity and impact on state goals
- Identify Illinois specific barriers to EV adoption and strategies to overcome the barriers
- Recommend strategies, lead actors, key stakeholders, and an implementation timeline

SUBTASK 2: Quantify charging needs for the state of Illinois to support state goals of 1 million EVs on the road by 2030

## Support and Deliverables:

- Create granular maps by zip code or census tract
- Locate areas that lack EV charging infrastructure
- Identify strategies to expand EV charging infrastructure
- Propose major milestones for infrastructure deployment to support state goals

## SUBTASK 3: Fleet electrification

## Support and Deliverables:

- Recommend a path to achieve EV adoption within ride-share segment
- Enable transition of public and private fleets and medium and heavy-duty vehicles to EVs
- recommend strategies, lead actors, key stakeholders, and an implementation timeline
- recommend appropriate incentives for selected segments
- recommend strategies on how to align markets to bring total cost of ownership to parity
- provide insights on manufacturing and capacity

TASK 6: Provide analysis and recommendations regarding energy storage opportunities and challenges

TIMELINE: July 1, 2023 - June 30, 2024
BUDGET: Not to exceed $\$ 25,000$
RESPONSIBLE PAYOR: DCEO

## Support and Deliverables:

- Provide an analysis on the current state of technology
- Confer with utility partners
- Interview others either on the supply or demand side
- Develop an assessment and recommendations for State action

## PROJECT PLANS

University, including through public agency members of the IIN, shall complete a project proposal for each identified task that will include an outline of the scope of work, an individual who will serve as a point of contact for the project, the specific deliverables, timeline, and budget. Project proposals must be approved by each Task's Responsible Payor prior to the commencement of work on any project. When an identified service need is outside the realm of the University's expertise, University will locate a third-party provider with which University will subcontract to provide the needed services.

## REPORTING REQUIREMENTS

In addition, a monthly activity and expenditure report must be submitted to the DCEO liaison beginning with the month that this Agreement is executed. The report must list the scope of work activities, above, along with the current month and cumulative expenditures associated with each activity.

## MANAGEMENT FEES

The University will apply a fifteen (15) percent management fee to cover indirect costs associated with supporting DCEO and fulfilling the terms of this agreement.

# ILLINOIS CLIMATE BANK PLAN STANDING REPORT <br> July 11, 2023 

## Background:

Section 5 of Resolution No. 2022-1110-EX16 (Climate Bank Plan Resolution), adopted on November 10, 2022, requires the Executive Director to report to the Members on all material actions taken under the resolution and all substantive modifications made to the Climate Bank Plan between meetings. The Members may then affirm, modify, or disapprove of any modifications to the Climate Bank Plan.

This July 11, 2023 Climate Bank Plan Standing Report is consistent with Section 5 of the Climate Bank Resolution and modifications to the Climate Bank Plan, recommended to be modified today, July 11, 2023, regarding (1) the GGRF Solar for All Letter of Intent and Application; (2) contract extension for The Accelerate Group and its subcontractors, (3) the amendment to extend the Intergovernmental Agreement involving the Authority, DCEO, IEPA, and the University of Illinois for additional expertise and State strategy with respect to climate, economic development, and federal funding matters, and (4) to incorporate USTSSBCI into the Climate Bank Plan. It summarizes all material actions taken under the Climate Bank Plan.

## ACTION SUMMARY

1. On June 13, 2023, the Authority filed a competitive application under the "Communities" portion of the USDOT Charging and Fueling Infrastructure (USDOT CFI-Communities) funding opportunity. Key elements of the CFI application were summarized on the June 13, 2023 Working Deck.
2. On June 20, 2023, Member Wexler and the Executive Director met with a representative of a Northeastern Illinois municipal utility commission regarding an innovative utilityscale concept.
3. On June 22, 2023, the Authority Executive Director spoke to the Greentown Conference at Triton College with a representative of Cook County before an audience of municipal and advocacy leaders primarily from the Cook County's Western Suburbs regarding the Authority's Climate Bank efforts.
4. On June 29, 2023, the Board of the Illinois Municipal Electric Agency (IMEA) voted approve moving forward with formal negotiations of grant terms and conditions if/when federal funds are awarded through the USDOE competitive GRIP funding opportunity. The vote occurred shortly before tornadoes struck Springfield and the IMEA board members adjourned for cover. IMEA is the wholesale power provider for 32 municipalities. The Illinois Municipal Utilities Association (IMUA) will consider the same matter for GRIP at its August meeting. IMEA/IMUA are anticipated to be key stakeholders in both the formula GRID and the competitive GRIP applications.
5. On June 30, 2023, Governor Pritzker signed HB 3340, a legislative priority of the Authority/Climate Bank, into law as Public Act 103-0187. This legislation enhances the ability of municipalities to borrower directly from the Authority. This legislation is anticipated to facilitate the effective deployment of federal climate funds. The legislation was developed in response to challenges in deploying the February-April 2022 Municipal Natural Gas Loan Program created in response to the adverse impacts of severe climatechange related winter storms. The Authority thanks House Assistant Majority Leader Burke, Representatives Delgado, Egofske, and Meyers-Martin and Senate President Pro Tem Cunningham and, importantly, Governor Pritzker for their support on this legislation.
6. The Authority continued to actively engage with the Coalition for Green Capital, a nonprofit responsible for the inclusion of the USEPA Greenhouse Gas Reduction Fund (GGRF) in the Inflation Reduction Act, and various green banks (public and not-forprofit)/financial institutions across the country.
7. Regarding GGRF, the Authority filed with USEPA as an interested party for all three of the GGRF funding opportunities below.

- $\quad$ \$7B - Solar for All - Public applicant (Authority). Anticipated partnership with Illinois Power Agency and the Illinois Housing Development Agency.
- As noted in the Modified/Updated July 11, 2023 Climate Bank Plan, USEPA released its Notice of Funding (NOFO) for the GGRF Solar for All on June 28, 2028.
- On July 6, 2023, Authority/Climate Bank held a Public Hybrid Listening Session with presentations by representatives of the Illinois Power Agency (IPA) and the Illinois Housing Development Authority (IHDA).
- 90+ participants (80 remote/10 in-person)
- Considering the requirements of the competitive Notice of Funding (NOFO), a successful application will include:
- Robust stakeholder engagement (ongoing since Nov 2022)
- Identification of market gaps
- Improving/removing barriers to existing programsdelivery mechanisms
- Resources to support diverse businesses.
- Developing a consensus around a single applicant for the State
- We believe that the July 6 listening session advanced all these goals for the Illinois application. We plan to schedule addition session(s). We are also developing an approach to the LOI to best position IL for a successful GGRF Solar for All competitive application. See Attachment 1
- \$14B - Fund -national or regional nonprofit applicant. Working most closely with the Coalition for Green Capital within a national network of public, local, and nonprofit green banks. Other potential applications reportedly include:
- The Calvert Funds
- The Community Preservation Network
- Opportunity Finance Network (OFN)
- Relay Network
- Ecority
- Community Builders of Color
- \$6B-Accelerator - a national or regional nonprofit applicant to administer individual grants of up to $\$ 5.6$ million to nascent green/community lenders and intermediaries.

8. The Authority continued to collaborate with DCEO on various economic development projects connected to Climate Bank purposes.

Attachment 1 - Authority/Climate Bank July 6 Public Listening Session Materials

To: Members of the Illinois Finance Authority/Climate Bank

## From: Chris Meister, Executive Director

Date: July 5, 2023
Re: Information Only - USEPA GGRF Solar for All Competitive Opportunity Stakeholder Listening Session \& Presentation, July 6, 2023, Hybrid, 11:30 AM - 1:00 PM

## Background

On June 28, 2023, the United States Environmental Protection Agency (USEPA) announced the release of the Greenhouse Gas Reduction Fund's Solar for All (GGRF Solar for All) Notice of Funding Opportunity, which opens the $\$ 7$ billion grant competition to fund residential distributed solar programs to serve low-income and disadvantaged communities nationwide. The GGRF Solar for All competition is open to States, Tribes, Territories, municipalities (collectively, "public applicants") as well as nonprofit eligible recipients. Unlike the two future GGRF competitive funding opportunities, which are limited to nonprofit eligible recipients, the $\$ 14$ billion Fund and the $\$ 6$ billion Accelerator, public applicants are allowed to compete for the GGRF Solar for All. State applicants for the GGRF Solar for All competition must submit a Notice of Intent to USEPA by July 31, 2023, and an application by September 26, 2023. USEPA anticipates making up to 60 GGRF Solar for All grants.

It is anticipated that stakeholder engagement and partnership will be important to any successful GGRF Solar for All application. Building on past Authority/Climate Bank stakeholder engagement efforts, we posted a public notice for the above-captioned public session on June 29, 2023, and emailed the participants of past Authority/Climate Bank stakeholder engagement efforts. We also invited the Illinois Power Agency (IPA) and the Illinois Housing Development Authority (IHDA) to participate and present during the above-captioned public session. Members of the Authority/Climate Bank are invited, but not required, to attend.

The public notice and a partial working draft of the public presentation materials for the abovecaptioned public session are attached. We will report on further developments in the Climate Bank Report on July 11, 2023.

## NOTICE OF USEPA GGRF SOLAR FOR ALL COMPETITIVE OPPORTUNITY STAKEHOLDER LISTENING SESSION \& PRESENTATION

The Illinois Finance Authority (the "Authority"), consistent with the Authority's designation as the Climate Bank of the State of Illinois under Illinois law, along with representatives from the Illinois Power Agency and the Illinois Housing Development Authority, will hold a stakeholder listening session and presentation regarding the $\$ 7$ billion Solar for All competition funded by President Biden's Inflation Reduction Act's authorization of the USEPA's Greenhouse Gas Reduction Fund (GGRF). This competition will award up to 60 grants to states, territories, Tribal governments, municipalities, and eligible nonprofit recipients to expand the number of low-income and disadvantaged communities primed for distributed solar investment-enabling millions of low-income households to access affordable, resilient, and clean solar energy.

The State of Illinois is developing an application for funding under this federal initiative to expand and complement existing low-income solar programs, and/or design and deploy new initiatives to support Solar for All. This agency listening session will be held from the Authority's Chicago Office, 160 North LaSalle Street, Suite S-1000, Chicago, Illinois 60601 on Thursday, July 6, 2023, at 11:30 a.m.

Members of the public may attend the agency listening session in person or via audio or video conference. The Audio Conference Number is (312) 626-6799 and the Meeting ID is 88692896691 followed by pound (\#). When prompted for a Participant ID, please press pound (\#) and wait for the Password prompt. Upon being prompted for a Password, please enter 133793 followed by pound (\#). To join the Video Conference, register with this link: https://us06web.zoom.us/j/88692896691?pwd=ZkxCb1FlQmR4NUIJcm9vUDJ2R1QxZz09. Guests participating via audio conference who find that they cannot hear the proceedings clearly can call (312) 651-1300 or write info@ilfa.com for assistance. Note: Authority will not allow verbal or written comments that contain obscene, indecent, profane language, or hate speech; contain threats or defamatory statements; or promote or endorse services or products.

# ILLINOIS FINANCE AUTHORITY <br> USEPA GGRF SOLAR FOR ALL COMPETITIVE OPPORTUNITY STAKEHOLDER LISTENING SESSION \& PRESENTATION <br> Thursday, JULY 6, 2023 <br> 11:30 AM - 1:00 PM <br> AGENDA: 

I. Introduction
II. IFA Remarks
III. IPA Remarks
IV. IHDA Remarks
V. Stakeholder Discussion \& Public Comment
VI. Other Business
VII. Adjournment

The agency listening session will be accessible to handicapped individuals in compliance with Executive Order \#5 (1979) as well as pertinent State and Federal laws upon notification of anticipated attendance. Handicapped persons planning to attend the agency listening session and needing special accommodations should contact the Illinois Finance Authority by calling (312)651-1300, TTY (800)526-0844.

## ILLINOIS FINANCE AUTHORITY. <br> ILLINOIS CLIMATE BANK

WORKING DRAFT - GGRF Solar for All Competitive Federal
Funding Opportunity Listening Session - July 62023

## Agenda

1. Background on Illinois Climate Bank
2. Overview of GGRF - Solar for All opportunity
3. Illinois opportunity for Solar for All:
a) Remarks from Illinois Power Agency on the Illinois Solar for All program
b) Remarks from Illinois Housing Development Authority
4. Summary of stakeholder input received to date
5. Stakeholder input needed and process

## CLIMATE BANK PURPOSE

(1) the distribution of the benefits of clean energy in an equitable manner, including by evaluating benefits to eligible communities and equity investment eligible persons;
(2) making clean energy accessible to all, especially eligible persons, through financing opportunities and grants for minority-owned businesses, as defined in the Business Enterprise for Minorities, Women, and Persons with Disabilities Act, and for low-income communities, eligible communities, environmental justice communities, and the businesses that serve these communities; and
(3) accelerating the investment of private capital into clean energy projects in a manner reflective of the geographic, racial, ethnic, gender, and income-level diversity of the State.

- Climate \& Equitable Jobs Act, 2021 (20 ILCS 3501/850-15)

## New Federal Funding

## Greenhouse Gas Reduction Fund (GGRF)

As part of the Inflation Reduction Act, the US Environmental Protection Agency (US
EPA) is distributing $\$ 27$ billion by September 2024 through the Greenhouse Gas
Reduction Fund (GGRF). The GGRF has three (3) main objectives:

1. to reduce emissions of greenhouse gases and other air pollutants;
2. to deliver benefits of greenhouse gas- and air pollution-reducing project to American Communities, particularly low-income and disadvantaged communities; and
3. to mobilize financing and private capital to stimulate additional deployment of greenhouse gas- and air pollution-reducing projects.

Competition

## GGRF - Solar for All

The Solar for All funding competition will award $\$ 7$ billion through up to 60 grants to states, territories, Tribal governments, municipalities, and eligible nonprofit recipients to expand the number of low-income and disadvantaged communities primed for distributed solar investment-enabling millions of low- income households to access affordable, resilient, and clean solar energy.

Our understanding is that the US EPA intent is to provide one award per state/territory.

Grantees will use funds to expand existing low-income solar programs or design and deploy new Solar for All programs nationwide.

## GGRF - Solar for All Details

- Eligible Technology: Residential Rooftop solar, Residential-Serving Community Solar, Associated Storage, Enabling Upgrades
- Activities: At least $75 \%$ spent on Grants, rebates, subsidies, other incentive payments, debt, other financial products. Also eligible: services and tools to overcome non-financial barriers to solar deploy, program administration.
- Must be deployed to enable "low-income and disadvantaged communities" to deploy and benefit from solar.
- Meaningful benefits: minimum $20 \%$ savings, equitable access, resilience benefits, community ownership, workforce development and entrepreneurship.

## GGRF - Solar for All Timeline

## State of Illinois approach

- Joint State application: led by Illinois Climate Bank (IFA), in close coordination with Illinois Power Agency, Illinois Housing Development Authority, other agencies, and stakeholders.
- Support and address gaps in Illinois Solar for All: not supplant existing funding for Illinois Solar for All or duplicate or be competitive with it.
- Energy Storage and Associated upgrades: consider opportunities for energy storage and associated upgrades.
- Support diverse businesses: including Equity Eligible Contractors, DBEs, and others involved in low- and moderate-income solar development and associated upgrades.

## ILLINOIS POWER AGENCY

# ILLINOIS HOUSING DEVELOPMENT AUTHORITY 

## Stakeholder Input Received

## EQUITABLE CLIMATE FINANCE

INTERAGENCY COLLABORATION: IFA, ICC, DCEO, IL EPA, IPA, IHDA, IDOT, DNR

STAKEHOLDER COLLABORATION (More than 150 different entities)

- November 2022: GGRF Stakeholder Listening Session
- Small Group Meetings
- April: GGRF Ideas Workshop
- April/May: Local Government Engagement on Grid Resilience and EV infrastructure
- April/May: CDFI Engagement on GGRF

## Stakeholder Input Received

## EQUITABLE CLIMATE FINANCE

- Identifying market gaps in access to clean energy that can be addressed by new finance tools.
- Identifying the biggest needs for new, BIPOCowned businesses in clean energy space.
- Developing methods to maximize and mobilize private capital?
- Establishing appropriate metrics for success.

## Climate \& Equitable Finance Opportunities

## PROJECT FINANCING

Low-Cost solar finance for nonprofits/public buildings

Standardized Solar Finance Product for Disadv. Comm.

# Climate \& Equitable Finance Market Gaps 

ILLINOIS FINANCE AUTHORITY | ILLINOIS CLIMATE BANK

## SUMMARY OF INPUT RECEIVED

## Climate \& Equitable Finance Market Gaps

Q: What are some of the biggest hurdles disadvantaged communities and businesses face in accessing the clean energy economy?

## DISTRIBUTED GENERATION

## Single family homes/residents

- Low-income projects can't access ITC.
- Low-income homes require significant upgrades.
- Lack of ownership of homes for LMI.
- LMI skepticism and lack of trust in energy system.
- High cost of customer acquisition
- Smaller companies can't get capital to scale.

## Multifamily build./residents

- Difficult to develop solutions for renters.
- No focus on landlords.
- Split incentives.
- Metering issues.
- Limited space.
- Coordination is laborintensive

## Commercial/Public buildings/tenants <br> BIPOC Businesses

- No loans for smaller projects.
- High upfront costs for consultants/assessme nts.
- High upfront costs for schools.
- No finance structure for roof replacement.
- Local governments don't have capital for infrastructure.
- Partnership flip model is expensive.
- Municipal buildings stuck behind franchise agreements

- Lack of \$\$ to BIPOC contractors, black women contractors
- Lack of capital for construction phase.
- Time gap until REC payments.
- Lack of knowledge of opportunities.
- Lack of back-office.
- Can't offer tax equity finance product.
- Securing bonds.
- Underwriting depends on historical revenue.
- Lumpy revenue.

## Climate \& Equitable Finance Market Gaps

Q: What are some of the biggest hurdles disadvantaged communities and businesses face in accessing the clean energy economy?

## ELECTRIC VEHICLES

## Single family homes/residents

## Multifamily build./residents

- Difficulty working with
landlords/associations to install EVSE.
- Lack of electrical capacity.
- No solution for street parking.

$\begin{array}{cc}\text { Commercial/Public } & \text { BIPOC } \\ \text { buildings/tenants } & \text { Businesses }\end{array}$
- Lack capital budget for purchase/margin.
- In small towns lack grid capacity.
- Federal School Bus rebates a lottery.
- School buses need longer loan payback periods than typical contract terms.
- Fleet electrification requires long-term planning.
- Small fleets difficulty.
- Depots/garages need upgrades, fire suppression, space.

- Supply chain delays, and BIPOC businesses often last in line.
- Undefined ownership models for small contractors.

## Climate \& Equitable Finance Market Gaps

Q: What are some of the biggest hurdles disadvantaged communities and businesses face in accessing the clean energy economy?

## BUILDING

 ELECTRIFICATION

## Single family homes/residents

- Lack of awareness
- Electric panel upgrades
- LMI can't access tax credits.
- LMI don't have cash for remaining $25 \%$.
Financial terms ( liens/disconnection) can be harmful.
- System purchases only when equipment breaks.
- Bill savings across electric $\&$ gas bill.
- How to sequence.

## Multifamily build./residents

- Lack of focus on landlords.
- Electrical panel and service upgrades.
- LMI can't access tax credits.
- Limited solutions for boiler/radiator replacement.
- Hard to stack programs to gain true benefit.

$\begin{array}{cc}\text { Commercial/Public } & \text { BIPOC } \\ \text { buildings/tenants } & \text { Businesses }\end{array}$
- Mid-size buildings may face space constraints.
- Major HVAC investments only made when changing hands.
- Local governments lack capital for infrastructure.

- Opportunity for small BIPOC HVAC contractors, but lack experience with heat pumps.
- Expenses first, rebates later.
- Lack of standardized finance tools to offer to potential customers.

## Climate \& Equitable Finance Market Gaps

Q: What are some of the biggest hurdles disadvantaged communities and businesses face in accessing the clean energy economy?

## ENERGY EFFICIENCY

## Single family homes/residents

- Existing home conditions (mold, asbestos, leaky roofs)
- Projects require money upfront (tax credits, rebates come later)
- LMI can't receive tax credits.
- Unscrupulous
contractors.
- High cost of customer acquisition.

## Multifamily build./residents

- Lack of focus on landlords.
- Existing conditions (mold, asbestos, leaky roofs)
- Split incentives
- All buildings are different - difficult to standardize.

## Commercial/Public buildings/tenants <br> BIPOC Businesses

- Projects aren't ready for financing.
- ESCO opportunity focused on large \$ projects.
- Commercial building owners focused on 35 -year projects only.
- Public sector / nonprofits have difficulty finding remainder of capital stack.
- Municipal franchise agreements disincentive EE.
- Limited C-PACE reach.

- Hard to gain experience for larger projects.
- Expenses first, rebates later.
- Lack of standardized finance tools to offer to potential customers.

## Stakeholder Input Needed

- Identifying market gaps and needs in Illinois Solar for All that can be addressed by GGRF Solar for All funding.
- Identifying the biggest needs for new, BIPOCowned businesses in clean energy space.
- Market sizing and costs of ideas.
- Developing methods to maximize and mobilize private capital?
- Establishing appropriate metrics for success.

| Executive |  |  |
| 3 | Resolution for the election of a Vice Chair of the Illinois Finance Authority | WH/CM |
| Audit, Budget, Finance, Legislation, Investment and Procurement |  |  |
| 4 | Resolution authorizing the Executive Director to proceed with a request for information from financial firms on the Senior Manager Approved List for the Illinois Clean Water Initiative/State Revolving Fund relating to future bond issuances under the State Revolving Fund Program, and other matters related thereto | CM |

| REQUEST | Purpose: Bond proceeds will be loaned to Theory and Computing Sciences Building Trust, a Delaware <br> statutory trust (the "Borrower"), to assist the Borrower in providing a portion of the funds necessary to do <br> any or all of the following: (i) to repay in full the outstanding balance of a bridge loan for the benefit of the <br> Borrower, the proceeds of which were used to defease and refund the Illinois Finance Authority Taxable <br> Revenue Bonds (Theory and Computing Sciences Building Trust Project), Series 2007 (the "Prior Bonds"); <br> (ii) to repay in whole or in part certain of the Borrower's outstanding lines of credit or loans associated with <br> acquiring, constructing and equipping a theory and computing sciences building within the site of Argonne <br> National Laboratory in Lemont, Illinois, including a parking area, improvements and equipment (the <br> "Facility"); (iii) to provide funds for capital improvements contemplated by the Borrower; (iv) to establish a <br> debt service reserve fund for the Series 2023 Bonds, if deemed necessary and desirable; (v) to pay capitalized <br> interest on the Series 2023 Bonds, if deemed necessary and desirable, and (v) to pay certain expenses incurred <br> in connection with the issuance of the Series 2023 Bonds (collectively, the "Financing Purposes"). <br> Volume Cap: None. <br> Extraordinary Conditions: None. |
| :--- | :--- |
| AUTHORITY ACTION | Final Bond Resolution (One-time consideration) |
| MATERIAL CHANGES | None. This is the first time this financing has been presented to the Members of the Authority. |

| BORROWER | - Location: Lemont/DuPage County/Northeast |
| :--- | :--- |
| DESCRIPTION | - The purpose of the Borrower is to lease the Facility from The United States Department of Energy | ("DOE") pursuant to a Ground Lease Agreement effective as of December 4, 2007 (the "Ground Lease"), facilitate the financing, leasing and development of the Facility and to lease the Facility to UChicago Argonne, LLC, an Illinois limited liability company (the "Lessee") for conducting scientific research and educational programs for the benefit of science and the nation in a manner consistent with and supportive of the scientific and educational missions of DOE.

| Structure | - The plan of finance contemplates that taxable bonds will be sold through a public offering in an aggregate principal amount not-to-exceed $\$ 120$ million by Fifth Third Securities, Inc. (the "Underwriter"). <br> - The taxable Series 2023 Bonds will be available in denominations of $\$ 5,000$ or any integral multiple of \$5,000 in excess thereof. |
| :---: | :---: |
| CREDIT INDICATORS/ SECURITY | - The Borrower has applied to Moody's Investors Services for a rating in connection with the proposed issuance of the taxable Series 2023 Bonds. <br> - The taxable Series 2023 Bonds are secured by the Leasehold Mortgage, Assignment of Leases and Rents, Security Agreement and Fixture Filing dated as of August 1, 2023 (the "Leasehold Mortgage") pursuant to which the Borrower grants to Computershare Trust Company, National Association, as trustee, a lien on and security interest in the Borrower's leasehold interest. <br> - The taxable Series 2023 Bonds are further secured by a Debt Service Reserve Fund ("DSRF") in an amount equal to $25 \%$ of the maximum annual payment of principal of and interest. |
| InTEREST RATE/ Amortization | - A range of fixed interest rates on serial and term bonds will be determined at pricing, currently estimated to be between approximately $5.00 \%$ and $7.00 \%$ based on current market conditions (as of July 5, 2023). <br> - Interest on the Series 2023 Bonds is payable on each January 1 and July 1, beginning January 1, 2024. |
| Maturity | - The Bond Resolution authorizes a final maturity of not later than 40 years, but the Underwriter reports that the anticipated final maturity date will not exceed July 1, 2033. |
| Sources \& USES <br> (Preliminary; <br> Subject to Change) | Sources: Uses: |
|  | Taxable Series 2023 Bonds \$120,000,000 Project Costs \$37,206,445 |
|  | Release of Prior Bonds DSRF 5,000,000 Taxable Debt Refinancing 81,111,209 |
|  | Debt Service Reserve Fund 4,137,346 |
|  | Costs of Issuance $\quad \underline{2,545,000}$ |
|  | Total $\underline{\mathbf{\$ 1 2 5 , 0 0 0 , 0 0 0}}$ Total $\underline{\underline{\mathbf{1 2 5}, 000,000}}$ |
| RECOMMENDATION | Staff recommends approval of the related Resolution as presented. |

# ILLINOIS FINANCE AUTHORITY PROJECT SUMMARY REPORT July 11, 2023 

## Project Number: 12558

## PRODUCT AND CONTRIBUTION

The Illinois Finance Authority ("Authority") may from time-to-time issue bonds as provided in the Illinois Finance Authority Act, 20 ILCS 3501/801-1 et seq., as amended (the "Act") for the purposes set forth in the Act. Any bonds issued by the Authority (and any premium thereon and the interest thereon) do not constitute indebtedness or an obligation, general or moral, or a pledge of the full faith or a loan of credit of the State or any political subdivision thereof, within the purview of any constitutional or statutory limitation or provision.

## BUSINESS SUMMARY

Description: The Borrower was established under the laws of the State of Delaware pursuant to a Declaration of Trust dated as of April 5, 2007 (the "Declaration of Trust").
The Trust Manager is TCSB-P3 LLC, a Delaware limited liability company whose principal members are Anatolij (Tony) Kushnir and Michael Simmons. Tony Kushnir is the lead principal in this matter. The Trust Manager advises the Corporate Trustee (see p. 4).

Background: The Borrower used proceeds of the Prior Bonds to design, develop and construct the Facility at the Premises, which was an approximately 200,000 gross square foot office/research building, together with associated parking, to facilitate the mission of the Argonne National Laboratory to advance America's scientific leadership through a world-class research and educational facility for the exploration and investigation of emerging information technologies, engineering applications, and other computation infrastructure.

The Theory and Computing Sciences Building is a private-sector facility of approximately 385,000 gross sq. ft. including private and open area offices, a two-story library, 40,000 sq. ft. data center supporting high performance computing, 10,000 sq. ft. additional data center space, two state-of-the-art Conference Centers, locker room/shower facilities, cafe/snack bar near the main entrance, and onsite parking for building occupants and visitors. The Facility is managed and operated pursuant to a Facility Management Agreement (the "Management Agreement") dated as of March 3, 2023, entered into between the Borrower and T5 Facilities Management, LLC, a Georgia limited liability company (the "Manager").

## Lessee/M\&O

Contractor:
UChicago Argonne, LLC, an Illinois limited liability company (the "Lessee"), whose sole member is The University of Chicago, leases and uses the Facility pursuant to a Facilities Use Agreement dated as of December 1, 2007 (the "Facilities Use Agreement") between the Borrower and the Lessee. Subsequent to the issuance of the Series 2007 Bonds, the Borrower constructed additional capital improvements and expanded the Facility, consisting of the construction of an additional 30,000 useable square feet, pursuant to that certain Powered Shell Lease dated as of December 21, 2018, entered into between the Borrower and Lessee (the "Powered Shell Lease").

Since its inception during World War II, the DOE (and its predecessor agencies) have performed much of their work through management and operating contracts, often referred to as "M\&O contracts." The Lessee is the management and operating contractor (the "M\&O Contractor") of Argonne National Laboratory pursuant to the Management and Operating Contract between the Lessee and the United States Department of Energy ("DOE") (Contract No. DE-AC02-06CH11357) (the "M\&O Contract"). Pursuant to the M\&O Contract, the M\&O Contractor is tasked with the obligation to accomplish the missions and programs assigned by the DOE and to manage and operate Argonne National Laboratory.

Argonne National Laboratory is one of the DOE's Office of Science multi-program laboratories. Argonne National Laboratory is a federally funded research and development center established in accordance with the Federal Acquisition Regulation Part 35. The M\&O Contract reflects the DOE's effort to enable the M\&O Contractor to achieve outstanding science and technology results in a safe and secure environment. The Facility provides program space, as well as a controlled environment space to house supercomputing equipment and associated hardware and software development labs, visualization facilities, library, and collaboration facilities.

Public Board Book (Version 1), Page 131

## Argonne National

Laboratory: Argonne National Laboratory is a federally-owned property under the jurisdiction and control of the DOE. The DOE is a cabinet-level agency of the United States of America that has four specified missions: to advance fundamental science, to provide energy security, to enhance national nuclear security, and to clean up the environmental legacy of the Cold War by restoring and protecting the environment.

Argonne National Laboratory is one of DOE's largest research centers. It is also the United States' first national laboratory, chartered in 1946, and a direct descendant of Chicago's Metallurgical Laboratory, part of the World War Two Manhattan Project that developed the atomic bomb. It was at the Metallurgical Laboratory where, on December 2, 1942, Enrico Fermi and approximately 50 colleagues created the world's first controlled nuclear chain reaction. After the war, Argonne National Laboratory was assigned the mission of developing nuclear reactors for peaceful purpose. Over the years, Argonne National Laboratory's research expanded to include many other areas of science, engineering, and technology. Argonne National Laboratory is not and never has been a weapons laboratory.

Argonne National Laboratory has publicly identified a strategic objective to increase scientific productivity in the 21 st century by providing intellectual and technical leadership in the computing sciences - computer science, applied computation mathematics, and computation science. The United States' need for even more advanced computational capabilities continues to grow with the development of increasingly sophisticated theories, such as in the areas of nanotechnology, climate change, protein modeling and structural biology. It also continues to grow because of the considerable amounts of data from tests performed with increasingly complex scientific instruments. The Facility supports the DOE's Leadership Computing initiative. Argonne National Laboratory is one of only three national laboratories engaged in Leadership Computing, and the Facility is the sole location on the Argonne National Laboratory site that can support Leadership Computing supercomputers.
Project Rationale:In addition to refinancing taxable debt of the Borrower, the Project consists of the construction of additional cooling infrastructure and related mechanical, electrical and plumbing space at the Facility for the generation of 40+ megawatts of cooling capacity prioritized to support a critical programmatic mission needs. The footprint for the cooling infrastructure is approximately 35,000 square feet of the Facility. No additional occupiable square footage is considered in the scope of the Project at this time. The equipment needed to facilitate the additional cooling includes indoor water-cooled centrifugal chillers with dual compressors, induced draft crossflow open-circuit cooling towers, split coupled vertical in-line centrifugal pumping units, medium voltage switchgear (for chillers, cooling tower, pumps and related structure), and unit substation (for new chiller, chiller plant pump and tower loads). Turner Construction Company, Chicago, Illinois, T5 Data Centers, Atlanta, Georgia, McGuire Engineers, Chicago, Illinois, and SNHA/Woolpert, Chicago, Illinois and London, England, are the key construction and design/engineering partners contracted to facilitate the capital infrastructure improvements.

## ECONOMIC DISCLOSURE STATEMENT

Applicant: Theory and Computing Sciences Building Trust, 9400 South Cass Avenue, Lemont, IL 60439
Contact: Anatolij (Tony) Kushnir, Partner, TCSB-P3, LLC: (T) 301-455-0645; e-mail: akushnir@p3-lc.com
Website: https://tcsbtrust.org/
Ground Lessor: The United States Department of Energy
Ground Lessee/
Statutory Trust: The Declaration of Trust is among (i) Computershare Trust Company, National Association, as successor to Wells Fargo Bank, N.A., not in its individual capacity but solely as corporate trustee (the "Corporate Trustee") for the Borrower, (ii) Wells Fargo Delaware Trust Company, a Delaware limited purpose trust company (now known as Computershare Trust Company, National Association), not in its individual capacity but solely as Delaware Trustee, and (iii) Joseph B. Starshak, not in his individual capacity but solely as individual trustee for the Borrower.
Facility Tenant: UChicago Argonne, LLC, an Illinois limited liability company, whose sole member is The University of Chicago

Congressional: 11
State Senate: 41
State House: 82

## SERVICE AREA

Argonne National Laboratory is located on a 1,500-acre site in Lemont, DuPage County, Illinois, and is surrounded by greenbelt forest, about 25 miles southwest of Chicago's Loop. The site also houses DOE's Chicago Operations Office. The site is ideally situated for its purposes as a 21 st century multi-program research laboratory. It has ready access to businesses, industries, and universities, and its location on one of DuPage County's growth corridors ensures that Argonne National Laboratory will maintain its competitive position in attracting and retaining highly skilled, educated personnel and in fostering business links to other high-technology enterprises in the area.

## $\$ 65,000,000$ (not-to-exceed) <br> Clark-Lindsey Village, Inc. and Clark-Lindsey Holdings, Inc.

#### Abstract

REQUEST Purpose: Clark-Lindsey Village, Inc. ("CLV") and Clark-Lindsey Holdings, Inc. ("CL Holdings" and, together with CLV, the "Borrowers"), each an Illinois not-for-profit corporation, have requested that the Illinois Finance Authority (the "Authority") issue its Revenue Bonds, Series 2023, in one or more series, in an aggregate principal amount not to exceed $\$ 65,000,000$ (the "Bonds") to be used to: (i) pay or reimburse the Borrowers for the acquisition, construction, renovation, remodeling, furnishing and equipping of certain facilities located at the Borrowers’ continuing care retirement community known as Clark-Lindsey Village in Urbana, Illinois (the "Project"); (ii) pay a portion of interest on the Bonds, if deemed necessary or desirable by the Authority and the Borrowers; (iii) establish a debt service reserve fund, if deemed necessary or desirable by the Authority and the Borrowers; and (iv) pay certain fees or expenses incurred in connection with the issuance of the Bonds.

The Project as currently contemplated will include construction of 45 independent living units as well as renovations and improvements to other senior living facilities of the Borrowers ("Phase III").

## Program: Conduit 501(c)(3) Revenue Bonds

Extraordinary Conditions: The Borrowers are requesting a waiver of the Board Policy set forth in the Authority Bond Handbook that requires nonrated bonds and bonds rated below investment grade to be sold only to accredited investors or qualified institutional buyers in minimum denominations of at least $\$ 100,000$. (Note: The Borrowers will satisfy the conditions for granting such waiver as set forth in the Authority Bond Handbook - see detailed explanation below under the "Board Action" section on p. 3). However, any Bonds not held by the Bondholder Representative (as defined below) on behalf of its clients must be sold in authorized denominations of $\$ 250,000$.

## BORROWERS' DESCRIPTION

- Location: Urbana, Illinois; Champaign County/East Central Region
- Effective April 13, 2022, Lindsey Communities, Inc. became the parent of several entities, including the Borrowers.
- CLV owns and operates Clark Lindsey Village ("Clark Lindsey"), a life plan community which opened in 1978. CL Holdings owns, among other things, the real estate that comprises Clark Lindsey's campus. Clark Lindsey's 27-acre campus is currently comprised of: 155 (of which 155 are currently staffed) independent living units, 12 (of which 12 are currently staffed) assisted living memory care units, and 105 (of which 59 are currently staffed) skilled nursing beds.
- CLV is in the process of constructing 26 memory care units and 38 assisted living units via a three-story building and downsizing its skilled nursing beds to 45 beds ("Phase II"). Phase II was financed via bonds issued through the Authority, in 2022. Phase II is currently under construction and is expected to be completed in January 2024. Phase III construction, which is being financed with the proceeds of the Bonds, is expected to be completed in August 2025. After the completion of Phase II and Phase III, the Clark Lindsey campus will be comprised of 200 independent living units, 38 assisted living units, 45 skilled nursing beds and 26 memory care units and all are expected to be staffed.

| Security/Maturity | - The Borrowers are the only members of an obligated group established under a master trust indenture, and the only entities obligated to make payments on the Bonds. The Borrowers are each an Illinois not-for-profit corporation which has been recognized as an organization described in Section 501(c)(3) of the Internal Revenue Code (the "Code") and which is exempt from federal income taxation under Section 501(a) of the Code. <br> - All obligations issued under the master trust indenture, including the obligation securing the Bonds, will include a pledge of revenues. The Bonds are also expected to be secured by one or more debt service reserve funds, other bond funds (as applicable) established under the master trust indenture, and a mortgage on certain property held by CL Holdings. <br> - The Bonds will fully mature not later than 2032 (9 years). |  |  |  |
| :---: | :---: | :---: | :---: | :---: |
| Structure/Credit Indicators/Ratings | - The Bonds are expected to be issued as three series of fixed rate, tax-exempt bonds. <br> - The Bonds will be sold in a limited public offering underwritten by HJ Sims \& Co. Inc. (the "Underwriter") and purchased by investors for which Hamlin Capital Management, LLC (the "Bondholder Representative") is the bondholder representative. The Bondholder Representative will deliver an investor letter signed on behalf of its clients, who are "accredited investors" and "qualified institutional buyers." <br> - The Bonds will not be rated. The Borrowers are requesting a waiver of the Board Policy set forth in the Authority Bond Handbook that requires nonrated bonds and bonds rated below investment grade to be sold only to accredited investors or qualified institutional buyers in minimum denominations of at least $\$ 100,000$. (Note: The Borrowers will satisfy the conditions for granting such waiver as set forth in the Authority Bond Handbook - see detailed explanation below under the "Board Action" section on p. 3). However, any Bonds not held by the Bondholder Representative on behalf of its clients must be sold in authorized denominations of $\$ 250,000$. |  |  |  |

| Type: | $501(\mathrm{c})(3)$ Bonds | Authority Staff: | Sara D. Perugini |
| City: | Urbana | County/Region: | Champaign/East Central |

## BOARD ACTION

Final Board Resolution (one-time consideration)
Conduit 501(c)(3) Bonds

No Authority funds at risk
The Borrowers are requesting a waiver of the Board Policy set forth in the Authority Bond Handbook. The Board Policy requires nonrated bonds and bonds rated below investment grade to be sold only to accredited investors or qualified institutional buyers in minimum denominations of at least $\$ 100,000$. The Borrowers have informed the Authority that the Borrowers will satisfy the conditions for such waiver because the Borrowers are not currently in default on any bonds, the Borrowers have not missed a payment date relative to any bonds in the immediately preceding three years and the Borrowers have issued, in the immediately preceding seven (7) years, at least two (2) series of bonds that were nonrated or rated below investment grade, in an aggregate total of not less than $\$ 40,000,000$. However, any Bonds not held by the Bondholder Representative on behalf of its clients must be sold in authorized denominations of $\$ 250,000$.

Staff recommends approval of the related Resolution as presented.

## AUTHORITY PROGRAM AND CONTRIBUTION

501(c)(3) Bonds are a form of municipal bonds that 501(c)(3) corporations can use to finance and/or refinance capital projects that will be or are used to further their charitable mission. The Authority's issuance will convey federal income tax-exempt status on interest earned on the Bonds paid to bondholders, thereby reducing the Borrowers' interest expense.

## VOLUME CAP

501(c)(3) Bond issues do not require Volume Cap.

## JOBS

Current employment: 150 FTEs
Retained jobs: N/A

New jobs projected: 6 FTEs
Construction jobs projected: 135

## PROJECT SUMMARY

Clark-Lindsey Village, Inc. ("CLV") and Clark-Lindsey Holdings, Inc. ("CL Holdings" and, together with CLV, the "Borrowers"), each an Illinois not-for-profit corporation, have requested that the Illinois Finance Authority (the "Authority") issue its Revenue Bonds, Series 2023, in one or more series, in an aggregate principal amount not to exceed $\$ 65,000,000$ (the "Bonds") to be used to (i) pay or reimburse the Borrowers for the acquisition, construction, renovation, remodeling, furnishing and equipping of certain facilities located at the Borrowers' continuing care retirement community known as Clark-Lindsey Village in Urbana, Illinois (the "Project"); (ii) pay a portion of interest on the Bonds, if deemed necessary or desirable by the Authority and the Borrowers; (iii) establish a debt service reserve fund, if deemed necessary or desirable by the Authority and the Borrowers; and (iv) pay certain fees or expenses incurred in connection with the issuance of the Bonds..

The Project as currently contemplated will include construction of 45 independent living units as well as renovations and improvements to other senior living facilities of the Borrowers ("Phase III").

## FINANCING SUMMARY

Structure: The Bonds are expected to be issued as three series of fixed rate, tax-exempt bonds.
The Bonds will be sold in a limited public offering underwritten by HJ Sims \& Co. Inc. (the "Underwriter") and purchased by investors for which Hamlin Capital Management, LLC (the "Bondholder Representative") is the bondholder representative. The Bondholder Representative will deliver an investor letter signed on behalf of its clients, who are "accredited investors" and "qualified institutional buyers."

Security: The Borrowers are the only members of an obligated group established under a master trust indenture, and the only entities obligated to make payments on the Bonds. The Borrowers are each an Illinois not-for-profit corporation which has been recognized as an organization described in Section 501(c)(3) of the Internal Revenue Code (the "Code") and which is exempt from federal income taxation under Section 501(a) of the Code.

All obligations issued under the master trust indenture, including the obligation securing the Bonds, will include a pledge of revenues. The Bonds are also expected to be secured by one or more debt service reserve funds, other bond funds (as applicable) established under the master trust indenture, and a mortgage on certain property held by CL Holdings.

Interest Rate:
Fixed Rate, for the initial draw, is estimated to be determined on July 24, 2023. The Final Bond Resolution establishes an interest rate of not to exceed of $7.50 \%$. As of June 26,

2023, the Underwriter estimates the rate to be $6.35 \%$ for the Series 2023A Bonds and $6.48 \%$ for the Series 2023B Bonds and Series 2023C Bonds.

Credit Indicators/
Ratings:
The Bonds will not be rated. The Borrowers are requesting a waiver of the Board Policy set forth in the Authority Bond Handbook that requires nonrated bonds and bonds rated below investment grade to be sold only to accredited investors or qualified institutional buyers in minimum denominations of at least $\$ 100,000$. (Note: The Borrowers will satisfy the conditions for granting such waiver as set forth in the Authority Bond Handbook - see detailed explanation above under the "Board Action" section on p. 3). However, any Bonds not held by the Bondholder Representative on behalf of its clients must be sold in authorized denominations of $\$ 250,000$.

Maturity: $\quad$ The Bonds will fully mature not later than 2032 (9 Years)
Estimated Closing Date: July 27, 2023

## BUSINESS SUMMARY

Location: Urbana, Illinois; Champaign County/East Central Region
Effective April 13, 2022, Lindsey Communities, Inc. became the parent of several entities, including the Borrowers. CLV owns and operates Clark Lindsey Village ("Clark Lindsey"), a life plan community which opened in 1978. CL Holdings owns, among other things, the real estate that comprises Clark Lindsey's campus. Clark Lindsey's 27-acre campus is currently comprised of: 155 (of which 155 are currently staffed) independent living units, 12 (of which 12 are currently staffed) assisted living memory care units, and 105 (of which 59 are currently staffed) skilled nursing beds.
CLV is in the process of constructing 26 memory care units and 38 assisted living units via a three-story building and downsizing its skilled nursing beds to 45 beds ("Phase II"). Phase II was financed via bonds issued through the Authority, in 2022. Phase II is currently under construction and is expected to be completed in January 2024. Phase III construction, which is being financed with the proceeds of the Bonds, is expected to be completed in August 2025. After the completion of Phase II and Phase III, the Clark Lindsey campus will be comprised of 200 independent living units, 38 assisted living units, 45 skilled nursing beds and 26 memory care units and all are expected to be staffed.

To: Members of the Illinois Finance Authority
From: Chris Meister, Executive Director
Date: July 11, 2023
Re: Resolution for the Election of a Vice Chair of the Illinois Finance Authority

## Request

The related resolution will approve the election of a Member to the office of Vice Chair of the Illinois Finance Authority (the "Authority"). The elected Member will serve for a one-year term.

## Impact

Article III, Section 2 of the By-Laws of the Authority provides that "[a]t the direction of the Authority, a Vice Chairperson ... shall be elected by the Authority from among its Members for a term expiring on the date of the next annual meeting following such election and if so elected he or she shall preside at meetings of the Authority and perform all duties incumbent upon the Chairperson during the absence or disability of the Chairperson.".

## Recommendation

Staff recommends the election of a Vice Chair.
